No. 101 of 1910.

FROM,

MAHARANA SHRI MOHANDEVJI RANA,

Raja Saheb **OF DHARAMPUR STATE.**

To

F. G. H. ANDERSON, Esquire, **I. C. S.,**

COLLECTOR & POLITICAL AGENT,

SURAT.

Camp Bulsar, 5th September 1910.

My friend,

I have the honour to submit the Annual Administration Report of my State for the year ending 30th June 1910.

CHAPTER I.

2. **Area and Population.**—Area 704 square miles. Population 1,00,430 (51,467 males and 48,963 females). Gross revenue (based on the average of the past 5 years) Rs. 4,76,862.

3. **Chowth Jakat.**—A sum of Rs. 9,000 is annually paid to Government under an agreement dated 6th April 1870 in lieu of Chowth Jakat formerly levied by them in this State. No tribute of any kind is paid to any State.

4. **Name and Title.**—My name is Maharana Shri Mohandevji Narandevji Rana and my age is 47. I belong to the Sisodia Rajput caste (Solar dynasty). My two sons are Kumar Shri Vijayadevji and Kumar Shri Narsinhdevji by my only Raniji of Virpur in Kathiawar.

5. **Political Relations.**—The relations of the State with the British Government and the adjacent Native States continue friendly and satisfactory.

6. **Visits.**—Mr. F. G. H. Anderson, I. C. S., Collector and Political Agent, Surat, visited this place in the month of January 1910 and stayed here for 4 days. During his stay he went round to see the principal public institutions of the State. A Darbar was held in his honour which was attended by the leading officials and citizens of the State. In welcoming the Agent on this occa-

sion the Dewan Mr. Jayakar on my behalf gave assurances of the loyalty and devotion of this State to the British throne and of its readiness to co-operate with Government in the administration of the country. A special gathering was also held for the distribution of prizes to the boys and girls of the State schools and Mrs. Anderson was kind enough to distribute prizes to them. A few welcome songs specially composed and selections from different authors in English, Gujarati, Sanskrit and Urdu were recited at the time by the pupils of the schools.

Mr. Boyd, Superintendent of Police, Surat District, visited this place in the month of March to have some shooting.

7. **Domestic occurrence of interest in the Raja Saheb's family.**—No event worth noticing occurred in my family during the year under report.

8. **Journey.**—I visited some of the State villages in order to observe the condition of the people and ascertain their wants. I also went to Surat and Vapi to pay a visit to the Collector and Political Agent.

9. **Changes in the Administration.**—The only change worth noticing in the personnel of the administration was the resignation of the Forest Officer, Mr. R. D. Modi.

CHAPTER II.

Administration of Land.

10. **General.**—The area of the whole State surveyed comes to 4,49,756 acres and 27 gunthas. The assessment rates which are fair and reasonable continue to be the same as before. The remissions of revenue granted during the year under report amount to Rs. 527 against Rs. 428 last year.

11. **Waste Lands.**—The following comparative table contains figures for the areas brought under cultivation as also the areas lying waste.

Year.	Culturable.				Kharaba.		Total.	
	Under cultivation.		Waste.					
	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas
1908-09	1,19,624	20	1,53,477	28	1,01,301	33	3,74,404	1
1909-10	1,28,713	23	1,40,437	21	1,00,428	22	3,69,579	26

During the year under report 11,944½ more acres of land were brought under cultivation and due steps are taken to reduce the area of waste land and bring it under the plough. There were 15,925 acres and 12 gunthas of Kabulats against 3,980 acres and 32 gunthas of Rajinamas which shows that the progress made by the State in this direction is satisfactory.

12. **Land Revenue Accounts.**—As mentioned in previous years' reports the Revenue Department accounts are kept in accordance with the forms prescribed by Sir T. C. Hope and the Jamabandhi work is done accordingly.

13. **Executive Divisions.**—The whole of the State is divided into 5 parts known as Mahals each of them being in charge of a Thanedar who supervises the work of Talatis, inspects boundary marks, compares the Ryots' receipt books and examines registers of births and deaths etc.

14. **Boundary Disputes.**—There is a petty dispute with the Portuguese Government regarding a strip of land on the Portuguese frontier.

15. **Government and Wards' Estates.**—My nephew Kumar Shri Chandradevji is still studying in England in order to qualify himself as a Veterinary Surgeon.

A sum of Rs. 2,22,068-12-6 belonging to Bhai Shri Prabhatdevji was with the State at the beginning of the year. Out of this Rs. 15,000 were paid to him during the year under report, thus reducing his debt to that extent.

Rs. 75,319-4-4 belonging to Kumar Shri Chandradevji have been invested in the State funds at 4 p. c. interest.

The receipts and disbursements of the estate of Kumar Shri Chandradevji are as follows:—

No.	Name.	Age.	Place of birth.	Place of education.	Balance at the beginning of the year	Receipts.	Disbursements.	Balance.		Value of moveable properties in hand	Area of land under management.
								In cash.	With the State.		
1	Kumar Shri Chandradevji	24	Dharampur	At present in studying in England.	Rs. as. p. 133-10-2	Rs. as. p. 12,028-9-10	Rs. as. p. 12,043-9-10	Rs. as. p. 118—10—2	Rs. as. p. 75,319-4-4	::	Bighas, 3,633

CHAPTER III.

Protection.

16. **Legislation.**—The Civil and Criminal work of the State is conducted in accordance with the principles of the British Indian Laws.

17. **Military Force.**—There is no Military force in the State.

18. **Police Force.**—The total strength of the regular police force as it stood at the close of the year under report consisted of 142 against 131 the previous year. The cost of the force amounted to Rs. 24,109 against Rs. 20,084 last year.

Out of the entire police force 70 are able to read and write.

The proportion of police to population and area is 1.4 per mille and 20.1 per 100 square miles respectively.

Besides the regular police force there are 102 Huzur Palace guards and 31 Arabs, who guard the Durbar Palace, the treasury, the Jamdarkhana and Zenan-khana. The Huzur Palace guards are properly and regularly drilled and fully equipped and assist the regular police in times of emergency.

The Police force is supplied with batons, guns and swords.

There are at present 8 out-posts and the men stationed therein take rounds in their beats. The Village Police Patels also co-operate with them in case of urgency. During the year under report 24 of the police were departmentally fined for neglect of duty, 4 dismissed and 1 judicially punished.

19. **Village Police.**—There are also 300 Shirbundhies and Village Police Patels who hold land on service tenure and assist the regular police in various ways on occasions of emergency.

20. **Working of the Police.**—The results of the working of the police are shown in Statement V.

The number of cognizable offences reported to the police was 51 against 71 last year.

21. **Stolen Property.**—The amount of property stolen and that recovered are shown in the following table:—

Amount Stolen.		Amount recovered.		Percentage of recoveries of stolen property.	
Past year.	Present year.	Past year.	Present year.	Past year.	Present year.
Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.		
800—9—7	1,172—14—6	558—12—1	848—7—0	69	72

22. **Fires.**—There was no fire worth noticing during the year under report.

23. **Accidental Deaths.**—The number of accidental deaths due to snake bites and other causes was 51 against 55 last year.

24. **Criminal Justice.**—The 5 Criminal Courts are:—

Huzur Court, Dewan's Court, Nyayadhish's Court, Revenue Officer's Court and Honorary Magistrate of Behej's Court.

There were no cases of infanticide or high-way robbery.

25. **Crime.**—The work done by the Criminal Courts is shown in Statements VII, VIII and IX. In the subjoined table are given some of the important details.

Year.	Number of crimes.	Number of persons tried.	Number of persons convicted.	Number of persons acquitted or discharged.	Percentage of convictions.
Past year.	177	313	87	226	27.7
Present year.	153	279	56	223	20.0

Imprisonment for more than one year was inflicted in 3 cases, while 34 persons were sentenced to imprisonment for less than one year, 18 were only fined and 1 was whipped. The total amount of fines inflicted during the year was Rs. 362 against Rs. 690 the previous year, the amount recovered being Rs. 362 against Rs. 690 the previous year.

There was no case of culpable homicide during the year under report.

No sentence of capital punishment was inflicted during the year.

26. **Criminal Appeals.**—The details of Criminal appeals recorded during the year are given in Statement IX.

27. **Civil Justice.**—Statements X, XI, and XII show the number of suits and appeals filed and disposed of during the year under report as well as the previous year. There is an appreciable increase in the amount involved in the suits. There were two suits relating to immoveable property.

28. **Execution of Decrees.**—Including past year's arrears there were 33 applications for execution of decrees during the year under report of which 29 were disposed of during the year and 4 awaited disposal at the close of the year.

29. **Civil Appeals.**—The number of Civil appeals decreased from 9 to 4 during the year under report.

30. **Extradition.**—Only 1 offender was surrendered for trial to the State authorities through the Collector and Political Agent, Surat. He was acquitted. No offender was surrendered by the State for trial.

31. **Prison.**—There is only one pucca-built jail building with two rooms for under trial prisoners. In the beginning of the year as shown in Statement XIII there were 12 prisoners in the jail. To these were added 43 prisoners during the year and 45 were released. Thus the total number of inmates at the end of the year was 10 against 12 last year.

The average daily attendance in the jail was 10.7.

The cost of maintaining the prisoners during the year amounted to Rs. 3,903 against Rs. 3,031 last year.

Most of the prisoners are employed on out-door labour such as road repairs etc. A few of them are also given in-door work such as sawing timber, weaving cotton tapes, ropes etc.

The Dewan, Naib Dewan and the Nyayadhish visit the jail at intervals in order to look after the health of the prisoners and attend to their complaints (if any).

32. **Registration.**—The work of registration is done in the Dewan Office, no extra cost being incurred by the State on that account. 42 documents of the aggregate value of Rs. 15,420-15-0 were registered against 15 documents of the total value of Rs. 3,163-4-0 in the previous year.

33. **Municipality.**—There is a Municipality in the town of Dharampur only. It looks after the cleanliness and sanitation of the town and the maintenance and lighting of the town streets. The expenditure under this head aggregated Rs. 7,332 against Rs. 6,371 the previous year.

CHAPTER IV.

Production and Distribution.

34. **Season.**—The season was on the whole favourable. There were a few isolated cases of small-pox from October 1909 to January 1910 but it did not assume an epidemic form. Due steps were at once taken to stamp it out by inducing the people to undergo vaccination and revaccination. Malaria, Dyspepsia, Bronchitis, Diarrhœa and Skin-diseases, Hooping-cough have had their usual course.

The thermometer readings were as follows:—

	Maximum.	Minimum.
Last year	105°F. H.	58°F. H.
Present year.	105°F. H.	62°F. H.

35. **Rainfall.**—The total fall of rain was 84 inches and 21 cents against 91 inches and 92 cents last year. The rain-fall was favourable to the crops and quite sufficient.

36. **Crops.**—The out-turn of crops was good and estimated at 14 annas.

37. **Wages and Labour, Prices of food grains.**—The cutting of forests and building works carried on by the State as well as by private individuals gave employment to many people. The rate of wages varied from 0-2-6 to 0-3-6.

The prices of food stuffs as detailed in Statement XVIII are comparatively lower than those of the preceding year but they are rather high for a good and prosperous year.

38. **Forest.**—There is a slight alteration in the areas of reserved and protected forests. The number of forest blocks almost remains the same as last year.

	Acres.	Gunthas.
Reserved area	91,400	36
Protected area	60,467	17
Number of blocks	162	

Forest offences numbered 44 against 121 the previous year. The amount of fines recovered was Rs. 142-0-2 against Rs. 237-5-5 the preceding year.

Forest fire.—There was no forest fire worth noticing during the year.

Forest Revenue.—The revenue realized by the sale of timber, bamboos etc. during the year amounted to Rs. 1,95,088, against Rs. 1,12,108 last year showing an increase of Rs. 82,980.

39. **Trade and Manufacture.**—Trade on a comparatively small scale is carried on here, the principal exports being the different kinds of grain, assindra and timroo leaves for bidis and mhowra fruit.

As regards manufacture the only industries worth mentioning are the making of baskets, mats of palm trees etc.

40. **Quarries.**—No quarry work is carried on in the State.

41. **Public Works.**—The amount of expenditure incurred on Public Works during the year under report was Rs. 33,595 against Rs. 26,966 the preceding year.

The following are some of the important works done during the year:—

I Original Works:—

		Rs.
(*a*)	Two new buildings	14,178-6-0
(*b*)	Blocks for storing ammunition	2,119-8-0

II Repairs, additions, alterations:—

(*a*)	Guest houses.	1,459 -0-9
(*b*)	Huzur office	1,324-13-9
(*c*)	Police Quarters	2,766 -7-5
(*d*)	Village Utaras	3,306 -0-11
(*e*)	Residential Quarters and paga for G. S. Bansdawala Bhabhiji Saheb	3,001 -1-8
(*f*)	Miscellaneous	3,711 -9-6
	III Establishment Charges....	1,728 -0-0

42. **Relief Works Programme.**—A proper Relief works programme has been maintained.

43. **Irrigation.**—There are no irrigation works in the State.

44. **Post and Telegraph Office.**—There is one combined Post and Telegraph Office in the town of Dharampur.

45. **Mint.**—The State has no mint of its own.

46. **Bulsar Dharampur Railway**—The project is under the consideration of Messrs. Killick Nixon & Co. and they propose to proceed further with it after some time, as at present they have to finance many other projects.

47. **Condition of the people.**—The bulk of the population consists of Kaliparaj people who mainly subsist on cultivation. They are of migratory habits and in order to induce them to settle in one place the State provides them with timber free for building semi-pucca buildings. Timber worth Rs. 4,318-7-0 was given to them free during the year under report. They are also given Tagavi for sinking wells in their Khata lands. On the whole their condition seems to be improving.

The Ujaliat cultivators are doing well. Carpenters, Black-smiths, and other artizans get good wages as they are in great demand here.

The trading classes dealing chiefly in grain had a fairly good year on account of the high prices of grains prevailing here.

Most of the Mahomedans of this place are in the service of the State. A few of them also hold lands. Generally their condition is satisfactory.

The number of Parsis here is very small. A large number of them are license holders from the State Abkari Ijardar for the retail vend of liquor. Some also follow cultivation. On the whole they are in a thriving condition.

48. **Bee-Khavti Loan Association.**—This institution which was started some years ago continues doing its good work as before.

The subjoined statement shows the progress made by this institution.

Year	Number of persons taking advantage of the loans.	Advanced amount.	Interest.	Recovered amount.	Balance to be recovered at the end of the year.
		Rs. as p.	Rs. as. p.	Rs. as. p.	
1908-09	697	7,602 8 0	712 11 9	8,315 3 9	...
1909-10	782	9,145 0 0	714 7 3	9,859 7 3	...

CHAPTER V.

Revenue and Finance.

49. The total gross revenue amounted to Rs. 5,99,909 against Rs. 5,27,334 the previous year, showing an increase of Rs. 72,575.

The principal items of revenue are as follows:—

	1908-09	1909-10
	Rs.	Rs.
Land Revenue	2,35,172	2,39,562
Abkari	1,57,800	1,50,605
Forests	1,12,108	1,95,088
Miscellaneous	15,245	14,654
Recovery of former dues	7,009	...
Total Rupees.	5,27,334	5,99,909

There has been a steady increase in the land revenue as may be seen from the following figures:—

Year.	Land Revenue. Rs.
1903-04	1,81,474
1904-05	1,99,139
1905-06	2,09,421
1906-07	2,10,350
1907-08	2,13,426
1908-09	2,35,172
1909-10	2,39,562

50. **Forest revenue.**—Forest revenue rose during the year from Rupees 1,12,108 to Rs. 1,95,088.

51. **Chowth Jakat.**—The receipts under this head are Rs. 8,177 against Rs. 7,929 last year.

52. No Local Fund Cess is levied in this State.

53. **Abkari and Opium.**—The Opium Ijara fetched Rs. 90 against Rs. 113 the previous year. The consumption of opium was 88 seers and 5 tolas against 80 seers and 20 tolas last year, which shows that the consumption of this drug in this State is not much.

Liquor is distilled at Dharampur, Mandva and Fatehpur whence it is issued to the Shop-keepers by the Abkari Contractors Messrs. Mancherji and Rattanji Shapurji Tata who pay to the State a yearly minimum sum of Rs. 1,40,001, on account of still head duty, establishment charges etc. The quantity of liquor issued during the year under report was 18,716 gallons of 25° U. P. and 4,02,181½ gallons of 60° U. P. against 14,584 gallons of 25° U. P. and 3,97,930 gallons of 60° U. P. the previous year.

The total Abkari revenue from Bhang, Ganja, Opium, Toddy and Liquor amounted to Rs. 1,50,605 against Rs. 1,57,800 the preceding year, showing a decrease of Rs. 7,195.

Sufficient establishment has been maintained by the State as also by the Abkari Ijardar to look after the working of the Department and to prevent illicit distillation etc. The number of Abkari offences was 15 against 20 the previous year.

54. **Expenditure.**—The total expenditure during the year amounted to Rs. 5,98,699 which is inclusive of Rs. 1,00,173 paid in liquidation of debts against Rs. 5,30,162 last year.

55. **Debts.**—The amount of debt at the end of the last year was Rs. 3,66,855. During the year under report Rs. 1,00,173 were paid in liquida-

tion of debts including interest against Rs. 94,013 the previous year. Thus at the end of the year the amount of debt was Rs. 3,12,254 of which about $\frac{9}{10}$ ths are at 4 p. c. and the rest at 9 p. c.

CHAPTER VI.

Vital Statistics.

56. For the town of Dharampur and the surrounding areas there is the Jubilee Charitable Dispensary in charge of a Medical Graduate. There is also a travelling dispensary in charge of a duly qualified Hospital Assistant.

Statement XXIII shows the number of patients treated during the year under report. Most of the in-door patients in the Jubilee Dispensary were Kaliparaj.

During the year under report there were 37 lepers in the Leper Asylum. Out of them four died. Thus at the end of the year the number was 33. The daily average attendance was 35.6 against 34.6 of the previous year. The total expenditure was Rs. 1,373 against Rs. 1,607 last year.

57. **Births and deaths.**—The following table shows the number of births and deaths as compared with the figures for the preceding year.

	1908-09.	1909-10.	Increase.	Decrease.
Births... ...	3,064	3,630	566	...
Deaths... ...	1,830	1,734	...	96

The Talatis keep regular registers of births and deaths and submit monthly returns.

58. **Vaccination.**—The vaccination staff consists of 4 trained Vaccinators and 1 inspector who work under the guidance and supervision of the Chief Medical Officer. The number of children vaccinated and other details are given in Statement XXV.

59. **Plague.**—Rat mortality commenced in April last. There were 5 cases of plague in June 1910 of which 3 proved fatal. Due steps are being taken to prevent the spread of plague. Evacuation and disinfection are promptly resorted to in infected localities and arrangements are being made for inoculation and it is hoped that a large number will come forward for inoculation.

CHAPTER VII.

Instruction.

60. As mentioned in the last year's report the special feature of the Educational Department was the raising of the Anglo-Vernacular School into a High-School called the Maharana Shri Mohandevji High School. For the first time in the history of the School 9 boys were sent up for the Matriculation Examination of the Bombay University of whom 2 passed. Taking into consideration the fact that this was the first attempt, the result seems to be encouraging.

The number of Schools during the year was 22 against 23 last year. Education is imparted free in all the State Schools.

The following table contains figures showing particulars regarding the attendance of pupils in the State Schools.

Number of pupils on rolls on 31st March 1909.	Number of pupils on rolls on 31st March 1910.	Average daily attendance 1909.	Average daily attendance 1910.
948	858	638.7	544.6

The monthly average attendance during the year for all the Schools together was 537 against 611.5 last year. The expenditure on Education amounted to Rs. 11,116 as against Rs. 8,756 of the last year.

The following are the annual Examination results:—

	No. Examined	No. passed.	Percentage.
Village Schools.	385	198	51
Town Schools.	235	101	42

Most of the teachers in the village schools are Kaliparaj people working under the supervision of a trained Kaliparaj Inspector. With a view to improve attendance in the schools the State supplies the boys with books, slates etc. The Educational Department is in charge of the State Nyayadhish as Superintendent.

The Mahar School was closed during the year as the attendance fell down completely in spite of the repeated efforts of the State to keep it a-going.

61. **Physical Education.**—The High School is supplied with Cricket kit and many boys take advantage of that. A well equipped Gymnasium is also attached to the school. It is in charge of a Gymnasium teacher who instructs pupils in the town schools in drill also.

62. **School Buildings.**—The town schools are located in suitable buildings while steps are being taken to improve the condition of village School buildings.

CHAPTER VIII.

Miscellaneous.

63. **Printing Press.**—The State is provided with a printing press of its own where forms, stamps etc. are printed. There is also a lithographic press where maps prepared by the Survey Department are printed.

64. **Library**—The Maharana Shri Narandevji Library contains a large stock of useful and interesting books. It subscribes for 13 newspapers and magazines. The receipts during the year amounted to Rs. 278 inclusive of the grant of Rs. 200 from the Darbar. The expenditure during the year was 282-11-8 against Rs. 319-4-9 last year.

65. **Record Room.**—The State records after being properly sorted, indexed and labelled are preserved in this room.

66. **Wild Animals**—There are many wild animals here. Mr. Page, Agent of the Bombay Bank, Surat Branch, bagged one panther in March last.

67. **Fairs.**—The only fair worth mentioning is the one held at Fatehpur annually in the month of Chaitra (April) in honor of the Deity Bhairavnath. It is attended mostly by Kaliparaj people.

68. **Jurisdiction.**—The Magisterial powers conferred on the Jahagirdar of Behej have been still continued to him.

69. **Demise of His Late Most Gracious Majesty King Emperor Edward The Seventh.**—The sad intelligence of the lamanted death of His Late Most Gracious Majesty King Emperor Edward The Seventh was received here on 7th of May 1910 with profound regret by all classes of people and as a mark of respect on this most melancholy occasion all business was immediately stopped and all Offices and Schools were closed and the day was observed as a day of general mourning. A telegram was sent by me to H. E. the Governor of Bombay and also to the Collector and Political Agent, Surat, expressing my sympathy and condolence upon this mournful occasion and requesting that my message may kindly be transmitted to the members of the Royal Family.

The 20th of May 1910 being fixed for the funeral of His Late Most Gracious Majesty The King Emperor, it was observed as a day of mourning and all offices, schools, shops etc. were closed for the day.

70. **Accession of His Most Gracious Majesty King Emperor George The Fifth.**—The reading of the Proclamation and Declaration being fixed for Thursday the 12th of May 1910 at 5 P. M., a Royal salute was fired at the time in honour of the occasion.

Copies of the Proclamation of His Most Gracious Majesty King Emperor George The Fifth and Declaration made by His Majesty were received from the Collector and Political Agent, Surat, and they were circulated and published by affixing them on public buildings in the town. A few copies were also sent to important State villages and the proclamation and Declaration were read out with due ceremony to the assembled pupils in the State Schools and in commemoration of the Accession two prisoners from the State Jail were released.

71. **The Empire day.**—The 24th of May was also celebrated with due eclat and a salute of 31 guns was fired.

72. **Concluding Remarks.**—In conclusion I have to express my cordial thanks to Government and the Collector and Political Agent, Surat, for the kind support and good advice which I have always received from them from time to time. I have also to commend the valuable services rendered to me by my Dewan Mr. S. G. Jayakar in the administration of my State. He is an able and upright officer of the State and spares no pains to promote the best interests of my State.

I am,

Your sincere friend,

CAMP BULSAR,
5th September, 1910.

(Sd.) MAHARANA SHRI MOHANDEVJI RANA,
Raja Saheb of Dharampur State.

No. 58 of 1911.

FROM,

MAHARANA SHRI MOHANDEVJI RANA,
Raja Saheb OF DHARAMPUR STATE

TO,

F. G. H. ANDERSON Esquire, I. C. S.,
COLLECTOR and POLITICAL AGENT,
SURAT.

DHARAMPUR, 5th SEPTEMBER 1911.

MY FRIEND,

I have the honour to submit the Annual Administration Report of my State for the year ending 30th June 1911.

CHAPTER 1.

2. **Area & Population.**—Area 704 Square miles. Population(according to the census of 1911)1,14,988(58,593 males and 56,395 females)against 1,00,430 (51,467 males and 48,963 females) according to the previous census. Thus the recent Census shows an increase of 14,558 persons. Gross revenue based on the average of the past 5 years) is Rs 5,14,049.

3. **Chowth Jakat.**—A sum of Rs 9000 is annually paid to British Government under an agreement dated 6th April 1870, in lieu of Chowth Jakat formerly levied by them in this State. No tribute of any kind is paid to any State.

4. **Political Relations.**—The relations of this State with the British Government and the adjacent Native States continue cordial and satisfactory.

5. **Visits.**—Owing to the prevalence of plague no distinguished personage or high officials paid a visit to this State during the year under report.

6. **Name and Title.**—My name is Maharana Shri Mohandevji Narandevji Rana and my age is 48. I belong to the Sisodia Rajput caste (Solar dynasty). I have two sons Kumar Shri Vijaydevji and Kumar Shri Narsinhdevji by my only Raniji of Virpur in Kathiawar.

7. **Domestic occurrences of interest in the Raja Saheb's family.**—During the year under report in the month of May last the marriage of my younger Kumar Shri Narsinhdevji with the daughter of Jadeja Shri Jethiji, Thakore Saheb of Taluka Kotharia (near Rajkot) and the Jayaval (tonsure) ceremony of my grand son Kumar Shri Narhardevji were celebrated at Pedchha, one of the State villages and not at Dharampur as plague was raging in the town. In connection with K. S. Narsinhdevji's marriage there was also another ceremony called Chheda Chhod (i. e. untieing the bridal pair's wedding garment knots) which was celebrated at Fatehpur near Nagar about 1½ and 5 miles respectively distant from Pedchha .By celebrating the marriage and other ceremonies mentioned above at Pedchha which is close to Fatehpur considerable saving in expenditure was effected, otherwise the marriage only could have been celebrated at Dharampur as usual or at Bulsar where there was my camp at the time but the other ceremonies would have had to be celebrated in accordance with the custom of the Raj at Fatehpur where there are tutelary deities of my family.

In honour of the marriage a few of the State prisoners were released from the Jail.

8. **Journey.**—During the year under report I visited some of the State villages in order to ascertain the condition of the ryots and their wants. A visit was also paid by me to the Collector and Political Agent Mr. F. G. H. Anderson, I. C. S., at Surat, before the Agent's going home on 6 months' leave. I also visited Bombay *en route* to Nasik where I went on a holy pilgrimage with my Raniji and other members of my family. This pilgrimage was undertaken because, myself & my Raniji though bound to perform such a pilgrimage at least once during our regime according to Hindu belief and traditions of the "Raj" had not done so though 20 years had elapsed since my accession to the "Gadee". Moreover there was one additional reason for my undertaking this pilgrimage which was that the "Raj" Joshi (priests) and other astrologers declared that it was my duty to perform such a pilgrimage in order to appease the deities at Nasik, as plague was raging with more or less virulence for a long time in Dharampur.

9. **Changes in the Administration.**—The only change worth noticing in the the personnel of the administration were the appointment of Mr. B. M. Dalal as Police Superintendent vice Mr. Champaklal Rupram resigned, and that of Mr. P. D. Khanderia L. C. E., as State Engineer.

CHAPTER II.

Administration of land.

10. **General.**—The area of the whole State which has been surveyed aggregates 4,49,756 acres and 27 gunthas. The assessment rates which are fair and reasonable continue to be the same as before except in a few cases where they have been lowered a little with a view to facilitate the disposal of waste land. The remissions of revenue granted during the year amounted to Rs. 464 against Rs. 527 the previous year.

11. **Waste Lands.**—The following table shows figures for the areas brought under cultivation as also the areas lying waste.

Year.	Culturable.				Kharaba		Total.		Remarks
	Under Cultivation.		Waste.						
	Acres.	Gun thas.	Acres.	Gun thas.	Acres.	Gun thas.	Acres.	Gun thas.	
1909-10.	1,28,713	23	1,40,437	21	1,00,428	22	3,69,579	26	
1910-11.	1,31,358	14	1,38,061	2	1,01,321	28	3,70,741	4	

There were 10,386 acres and 23 gunthas of Kabulats against 7,763 acres and 17 gunthas. of Rajinamas. Thus 2,623 Acres and 6 Gunthas more were addedto the land under cultivation.

12. **Government & wards' Estate.**—My nephew K. S. Chandradevji who went to England in 1906 to study for the Veterinary examination is still there.

A sum of Rs 2,07,068 belonging to Bhai Shri Prabhatdevji and a sum of Rs 75,319-4-4 belonging to K. S. Chandradevji are invested in the State funds at 4 per cent.

No.	Name.	Age.	Place of brith.	Place of education.	Balance at the beginning of the year.	Receipts.	Disbursements	Balance.		Value of movable properties in hand.	Area of land under management.
								In cash	With the State.		
1	Kumar Shri Chandradevji.	25	Dharampur.	At present studying in England.	Rs. 118-10-2	Rs. 9796-0-6	Rs. 9538-5-10	Rs. 376-4-10	Rs. 75319-4-4	...	3,633 Bighas

CHAPTER III.

Protection.

13. **Legislation.**—The Civil and Criminal work of the State is conducted in accordance with the principles of the British Indian Laws and the " Rivaj " of the State.

14. **Military Force.**—There is no military force here.

15. **Police Force.**—The total strength of the regular police force as it stood at the close of the year consisted of 140 against 142 of the previous year.

The cost of the force was Rs. 24,963 against Rs. 24,109 the preceding year Out of the entire police force 62 are able to read and write.

The proportion of police to population and area is 1·2 per mille and 19·8 per 100 square miles respectively.

In addition to the regular police force there are 102 Huzur Palace guards and 31 arabs who guard the Durbar Palace, the treasury, the Jamdarkhana and the Zenan khana.

16. **Village Police.**—Village police Patels and about 300 Shirbandhis constitute the State Village police force. They hold land on service tenure and assist the regular police in various ways on occasions of emergency.

17. **Working of the Police.**—The results are shown in Statement V.

During the year 60 cognizable offences were reported to the police as against 51 of the last year.

18. **Stolen Property.**—The details of the property stolen and other particulars are given in the following table:—

Amount stolen		Amount recovered.		Percentage of recoveries of property stolen.	
Past year.	Present year.	Past year.	Present year.	Past year.	Present year.
Rs. A. P. 1,172-14-6	Rs. A. P. 2,203-8-0	Rs. A. P. 848-7-0	Rs. A. P. 1,088-13-0	72	49

19. **Fires.**—No fire worth noticing broke out during the year under report.

20. **Accidental Deaths.**—The number of accidental deaths due to snake bites and other causes was 40 against 51 the previous year.

21. **Criminal Justice.**—The five original courts are the Huzur Court, the

Dewan's Court, the Nyayadish's Court, the Revenue Officer's Court and the Behej Honorary Magistrate's Court.

There was no case of infanticide or highway robbery.

22. **Crime.**—The work done by the Criminal Courts is shown in statements VII, VIII and IX. Some of the important details are given in the subjoined table.

Year.	No. of Crimes.	No. of persons tried.	No. of persons convicted	No. of persons acquitted or discharged.	Percentage of convictions.	Remarks.
Past year.	153	279	56	223	20	
Present year.	105	210	60	150	28	

Imprisonment for more than one year was inflicted in 4 cases while 45 persons were sentenced to imprisonment for less than one year, 9 were fined and 2 were whipped. The total amount of fines inflicted during the year was Rs. 508 against Rs. 362 the previous year, the amount recovered being Rs 508 against Rs. 362 the previous year.

Three cases of culpable homicide were reported.

23. **Criminal Appeals.**—The details of Criminal appeals preferred during the year under report are given in Statement IX.

24. **Civil Justice.**—Civil suits and appeals filed and disposed of during the year under report are shown in Statements X, XI and XII. There was 1 suit relating to immovable property.

25. **Execution of Decrees.**—There were 23 applications (inclusive of 4 past year's arrears) for execution of decrees, of which 18 were disposed of during the year and 5 awaited disposal at the end of the year.

26. **Civil Appeals.**—The number of Civil appeals was 1 against 4 of the preceding year.

27. **Extradition.**—The details of extradition are as follows:—

1 offender surrendered by the State to British Magistrate.

1 offender surrendered to the State for trial by the Collector & Political Agent, Surat.

Both of them were convicted.

28. **Prison.**—There is only one Jail with 2 rooms for under-trial prisoners. There were 10 prisoners in the Jail in the beginning of the year. To these 42 were added of whom 38 were released, leaving 14 inmates at the end of the year. (Statement XIII).

The average daily attendance in the Jail was 16·4. The cost of maintaining the prisoners has decreased from Rs. 3,903 to Rs. 2, 449.

Most of the prisoners are employed on out-door labour, such as road repairs &c. A few of them are also engaged in in-door work, such as sawing timber, weaving ropes &c.

The Jail is in charge of the State Nyayadhish as Jail Superintendent. The Dewan, Naib Dewan and the Nyayadish visit the Jail from time to time in order to look after the health and requirements of the inmates and the sanitary arrangement therein.

29. **Registration.**—During the year 22 documents of the aggregate value of Rs. 3,315-0-0 were registered against 42 documents of the aggregate value of Rs 15,420-15-0 the previous year. The registration work is done in the Dewan Office, no extra cost being incurred by the State in respect thereof.

30. **Municipality.**—There is a municipality in the town of Dharampur only. This department looks after the sanitation and cleanliness of the town and also the maintenance of the roads and the lighting of the streets. The expenditure under this head amounted to Rs. 7,750 against Rs. 7,332 last year.

CHAPTER IV.

Production and Distribution.

31. **Season.**—The last season on the whole was a favourable one, though the unseasonable fall of rain after the rainy season was over did some damage to the crops mostly the " Rabi" ones. Excepting plague there was no other epidemic, during the year. Dyspepsia, Bronchitis, Diarrhœa, and skin-diseases have had their usual turn.

The thermometer readings were as follows:—

	Maximum.	Minimum.
Last year.	105° F. H.	62° F. H.
Present year.	108° F. H.	48° F. H.

32. **Rainfall.**—The total rainfall was 77 inches and 87 cents against 84 inches and 21 cents the previous year. The rainfall was good and the results would have been more satisfactory but for the unseasonable fall of rain subsequent to the close of the rainy season, whereby some damage was done to the crops particularly the rabi crops as mentioned above.

33. The out turn of crops was estimated at 13 annas.

34. **Wages & Labour; Prices of food Grains.**—The demand for labour is getting keener and keener as more and more of waste land is being brought under the plough. The cutting of forests, the construction of State buildings as also those of private individuals and other petty work afford ample scope to labourers for employment. All these have caused the rates of wages to rise from Rs- 0-2-0 to Rs 0-4-0 and even more.

The prices of food stuffs were lower than those of the previous year on account of abundance of crops all round. Statement XVIII contains particulars about these.

35. **Forest.**—The following figures show the areas of reserved and protected forests as compared with the figures for the previous year.

	Past year.		Present year.	
	Acres	Gunthas.	Acres	Gunthas.
Reserved Area	91,400	36	91,341	14.
Protected Area	60,467	17	60,355	4.

The number of blocks was 160 against 162 of the previous year. There has been a steady decrease in the number of forest offences, as people have begun to understand their responsibilities and liabilities in this matter better than before. The number of offences last year was 44 but this year the number was 17.

The total amount of fines recovered was Rs. 33-13-0 against Rs. 142-0-2 the preceding year.

Fires.—There was no fire worth noticing in any of the State forests during the year.

36. **Forest Revenue.**—The revenue realized by the sale of timber, bamboos &c. during the year aggregated Rs. 1,92,633 against Rs. 1,95,088 the previous year.

37. **Trade & Manufacture.**—There is not much of scope for trade here, the only articles exported being different kinds of grain, leaves for "biddis" and Mhowra fruit.

The only industries worth noticing are the making of baskets, mats of palm trees and such other petty industries.

38. **Quarries.**—No quarry work is carried on in the State.

39. **Public Works.**—The total sum spent on public works amounted to Rs. 30,527 against Rs. 33,595 the preceding year.

The details of some of the important works and the establishment charges are as follows:—

		Rs.
I Original works:—		
(*a*) Vahial buildings...		16,125-0-0
(*b*) Stable yards for State horses		1,018-0-0
(*c*) Darbar Compound Wall...		1,210-0-0
II Repairs:—		
(*a*) Darbar Palace...		1,691-0-0
(*b*) Public Garden railing		382-0-0
(*c*) Bulsar Bunglow		1,573-0-0
(*d*) Petty repairs to State Utaras, School and Office buildings		6428-0-0
III Establishment Charges		2,100-0-0
	Rs...	30,527-0-0

40. **Relief works Programme.**—A proper relief works programme has been maintained.

41. **Irrigation.**—There are no irrigation works in the State.

42. **Post & Telegraph Office.**—There is a combined Post & Telegraph Office here.

43. **Mint.**—There is no Mint in the State.

44. **Condition of the people.**—The Kaliparaj people form the bulk of the population and they generaly subsist on land. With their migratory tendencies it is hard to induce them to settle in one place. However the State is doing its best to induce them to settle in one place, by advancing loans to sink wells & to provide them with timber free of charge for semi-pucca buildings. Timber worth Rs. 2,508 was given to them during the year free of cost. Looking to their present condition generally there seems to be improvement therein.

The ujaliat class of people form a minority and they are on the whole better off than the Kaliparaj people. Some of them in addition to cultivation do money lending business as well.

There is much demand for artizan class and so carpenters, blacksmiths & others get good wages and their condition is improving.

The trading classes who deal for the most part in grain had not a very profitable time of it on account of low market.

Most of the Mahomedans are in State service. A few of them carry on cultivation. On account of a general rise in wages their condition too is improving.

The Parsis whose number here is comparatively very small are for the most part in thriving condition. Some of them are large cultivators and others keep liquor shops.

CHAPTER V.

Revenue and Finance.

45. There is a steady rise in the gross revenue of the State. During the year under report it was Rs. 6,31,110 against Rs. 5,99,909 the previous year.

The principal sources of revenue are as follows:—

	1909-10	1910-11
	Rs.	Rs.
Land Revenue	2,39,562	2,37,996
Abkari	1,50,605	1,50,355
Forests	1,95,088	1,92,633
Miscellaneous..	14,654	11,790
Forest Deposits	...	38,336
Total Rupees....	5,99,909	6,31,110

46. The land revenue which was only 1,81,474 in 1903-04 has increased to Rs. 2,37,996 during the year under report.

47. The Forest revenue during the year was Rs. 1,92,633 against Rs. 1,95,088 showing a decrease of Rs. 2,455 only.

48. **Chowth Jakat.**—The receipts under this head amount to Rs. 7,528, against Rs. 8,177 the previous year.

49. **Abkari & Opium.**—The opium Ijara fetched only Rs 80 against Rs, 90 the previous year. The total opium consumption was 99 seers and 24 tolas as against 88 seers and 5 tolas which evidently shows that the demand for opium here is not very great.

There are 3 distilleries in the State (Mandva, Fatehpur and Dharampur) where liquor is distilled and issued to the shop keepers by the Abkari contractors, Messrs Muncherji and Ruttanji Shapurji Tata who pay to the State a yearly minimum sum of Rs. 1,40,001 on account of still-head duty, establishment charges &c,

The quantity of liquor issued during the year was 17,938 gallons of 25° U. P. and 3,51,549 gallons of 60° U. P. against 18,716 gallons of 25° U. P. and 4,02,181½ of 60° U. P. respectively the previous year.

The total abkari revenue from Bhang, Ganja, Opium, toddy and liquor amounted to Rs. 1,50,355 against Rs. 1,50,605 the previous year showing a decrease of Rs. 250.

Sufficient establishment has been engaged by the State as also by the

farmers to prevent illicit distillation and smuggling.

The number of Abkari offences decreased from 15 to 13.

50. **Expenditure.**—The total expenditure was Rs. 6,31,718 against Rs. 5,98,699 the previous year. The expenditure would not have been so very large but for reasons mentioned in paras 7 & 8.

51. **Debts.**—The amount of debt at the end of the last year was Rs. 3,12,254.

During the year under report Rs. 38,997 only were paid in liquidation of debts against Rs. 1,00,173 the preceding year. More amount could not be paid on account of the heavy expenses entailed in consequence of the occasions mentioned in paras 7&8 and on account of plague which raged continuously throughout the year and which necessitated the removal of my camp first to Nani Vahial (one of the State Villages) and then to Bulsar. This shifting out involved a great deal of expenditure in respect of my family and retinue and staff all of whom were allowed for a long time extra " bhatta " over and above the fixed salaries according to the rules of the State.

CHAPTER VI.

Vital Statistics.

52. For the town of Dharampur and the surrounding areas there is the Jubilee Charitable Dispensary in charge of a qualified Medical Officer who is an L. M. &. S. of the Bombay University. There is also a travelling dispensary for the use of Kaliparaj people.

The number of patients treated during the year under report is shown in Statement XXIII. Most of the indoor patients in the Jubilee Dispensary were Kaliparaj.

During the year there were 37 lepers in the Leper-Asylum of whon 6 died during the year under report. The daily average attendance was 32·1 against 35·6 of the previous year. The expenditure under this head rose from Rs. 1,373 to Rs. 1516.

53. **Births & Deaths.**—The following table shows the number of Births and Deaths during the year as compared with the previous year's figures.

	1909-10	1910-11	Increase.	Decrease.	Remarks.
Births ...	3,630	2,444	...	1,186	
Deaths ...	1,734	1,938	204	...	

The Talatis keep regular registers of births and deaths and submit monthly returns.

54. **Vaccination.**—This work is done by 4 vaccinators working under the supervision of an Inspector and the Chief Medical Officer of the State. The number of children vaccinated and other particulars are given in Statement XXV.

55. **Plague.**—Plague broke out in June 1910 and continued throughout the whole of the year with more or less vigour. The last case reported was in April 1911. It reached its virulent stage in July and August and showed signs of abatement in September, though off and on spasmodic cases occurred throughout the year. Various steps were taken by the State to combat the evil, such as evacuation, disinfection, inoculation &c. but they did not succeed in stamping it out completely, though its further progress was much arrested by them.

As regards inoculation 1,027 persons were inoculated. No doubt in the commencement there was a good deal of diffidence as to the efficacy and benefits of inoculation but after a good deal of persuasion and an offer of Re. 1 per head to those that went in for inoculation a large number came forward for it. Out of the total number of 1,027 inoculated persons 24 got plague of whom 6 succumbed. These results clearly go to show how beneficial inoculation is and how much protection it affords against the ravages of plague.

CHAPTER VII.

Instruction.

56. The Maharana Shri Mohandevji High School teaches boys up to Standard VII. It is affiliated to the Bombay University and boys are sent up from here for the Matriculation examination of the University. Five candidates appeared for that examination of whom 2 were successful.

Two students appeared for the School Final examination of whom 1 passed. The results of both the examinations would have been more satisfactory but for the prevalence of plague at Dharampur on account of which all the town schools were in a state of complete dislocation throughout the year.

The number of schools continues to be the same as heretofore Viz:— 22.

The special feature of the Educational Department is the imparting of free education in all the State schools.

The following table contains figures showing the attendance of pupils.

No. of pupils on rolls on 31st March 1910.	No. of pupils on rolls on 31st March 1911.	Average daily attendance 1910.	Average daily attendance 1911.	Remarks.
858	729	544·6	333·3	

The monthly average attendance during the year for all the schools together was 343.7 against 537 last year.

The expenditure on education rose from Rs. 11,116 to Rs. 11,293.

The annual examination results are as follows:—

	No. examined.	No passed	Percentage.
Village schools.	318.	177.	55.
Town schools.	155.	80.	51.

As a rule Kaliparaj teachers are employed in the State Village Schools as they are in touchwith Kaliparaj parents and are therefore in a better position to induce the parents to send their children to school. To afford facilities to village schoolboys, the State supplies them with books, slates &c. free of charge.

The Educational Department is in charge of the State Nyayadhish as Superintendent of Education.

57. **Physical Education.**—The High School is provided with cricket kit and a gymnasium is also attached to it. Most of the boys take advantage of both these forms of exercise.

58. **School Buildings.**—The town schools are located in suitable buildings and steps are being taken to improve the condition of village school buildings.

CHAPTER VIII.

Miscellaneous.

59. **Printing Press.**—The State is provided with a printing press of its own where forms, stamps &c. required for State purposes are printed. There is also a Lithographic press attached to the survey Department where Survey maps &c. are printed.

60. **Library.**—The Maharana Shri Narandevji Library contains a large stock of useful and interesting books. It subscribes for 11 newspapers & magazines. It gets an annual grant of Rs 200 from the Durbar. Out of the total receipts of Rs. 391-8-5, Rs. 291-10-3 were spent on establishment charges &c, leaving a balance of Rs. 99-14-2.

61. **Record Room.**—The records after being properly sorted, indexed and labelled are preserved in this room.

62. **Wild Animals.**—There are many wild animals in the State. No European gentleman came here for "Shikar" during the year under report.

63. **Fairs.**—A fair is held annually in April at Fatehpur in honour of the deity Bhairavnath. It is attended mostly by Kaliparaj people.

64. **Jurisdiction.**—The magisterial powers conferred on the Jahagirdar of Behej have been continued to him.

65. **Birth Day of His Most Gracious Majesty King Emperor George The Fifth.**—This day (3rd June 1911) was observed as a public holiday, and all schools and offices were closed and in honour of the occasion school buildings were also decorated with flags and buntings. Copies of the address giving an account of His Majesty King Emperor's life and of the advantages of the British "Raj" (received from the Collector & Political Agent, Surat)were read out to the pupils on this auspicious occasion and sweetmeats were distributed among them at the time.

A Royal salute of 31 guns was fired on that day in honour of the occasion.

66. **Coronation Day.**—The coronation day was celebrated with due eclat and ceremony and the day was observed as a public holiday and a day af rejoicings.

A Royal salute of 31 guns was also fired on this day in commemoration of the occasion.

67. **Concluding Remarks.**—Before concluding I have to offer my cordial thanks to Government and the Collector & Political Agent, Surat, for the uniformly kind and friendly advice and support I have received from them from time to time, and I trust that the same will be continued to me hereafter, I have also to testify to the very satisfactory work done by my Dewan Mr. S. G. Jayakar in the administraton of the State and I may once more repeat that I have in him a very capable, zealous and trustworthy officer who spares no pains to advance the best interests of my State.

I am,

Your sincere friend,

DHARAMPUR.
5th September, 1911.

(Sd.) MAHARANA SHRI MOHANDEVJI RANA,

Raja Saheb of Dharampur State.

APPENDICES.

No. 41 of 1912.

FROM,

MAHARANA SHRI MOHANDEVJI RANA,

Raja Saheb OF DHARAMPUR STATE.

TO,

F. G. H. ANDERSON Esquire, I. C. S.,

COLLECTOR and POLITICAL AGENT,

SURAT.

DHARAMPUR, 6th SEPTEMBER 1912.

MY FRIEND,

I have the honour to submit the Annual Administration Report of my State for the year ending 30th June 1912.

CHAPTER I.

2. **Area and Population.**—Area 704 square miles. Population (according to the census of 1911) 1,14,995 (58,589 males and 56,406 females) against 1,00,430 according to the previous census. Thus during the last decade there has been an increase of 14,565 persons i. e. 14 p. c. Gross revenue average (based on the past 5 years' revenue) Rs. 5,72,735 against Rs. 5,14,049 showing an increase of Rs. 58,686.

3. **Chowth Jakat.**—Rs. 9,000 are annually paid to the British Government under an agreement dated 6th April 1870 in lieu of Chowth Jakat formerly levied by them in this State. No tribute of any kind is paid to any state.

4. **Political relations.**—The relations of the State with the British Government and the neighbouring Native States continue to be as cordial and satisfactory as before.

There is a slight boundary dispute with the Portuguese Government but it is likely to be settled soon satisfactorily.

5. **Visits.**—In the first week of May 1912 Mr. F. G. H. Anderson, I. C. S., Collector and Political Agent, Surat, visited the State and stayed here for 3 days. Cordial reception was accorded to him and a Durbar was held in honour of the occasion. During his stay he visited some of the public institutions. No other distinguished personage or high official visited the State during the year.

6. **Name and Title.**—My name is Maharana Shri Mohandevji Narandevji Rana & my age is 49. I belong to the Sisodia Rajput caste (Solar dynasty). I have two sons Kumar Shri Vijayadevji and Kumar Shri Narsinhdevji by my only Raniji of Virpur in Kathiawar.

7 **Domestic occurrences of interest in the Raja Saheb's family.** The only noticeable event in my family was the 'en cient' ceremony in the case of the younger Kumar Shri Narsinhdevji's wife which was duly celebrated in March 1912. This was followed by the " Bara Balia " ceremony on 11th June 1912, in honour of the birth of a Kunveri to the Kumar on 30th May 1912.

8 **Journey.**—During the year under report I went to Surat on several occasions to visit the Collector and Political Agent, and once to see the Commissioner N. D., Mr. R. P. Barrow I. C. S. I also visited Bombay and toured through the districts on different occasions to inquire into the condition of the Ryots and to ascertain their wants. But the most important journey I performed was my proceeding to Delhi with my staff on the occasion of the Delhi Durbar in December last.

9 **Changes in the Administration.**—The only change worth noticing in the personnel of the Administration was the appointment of Mr. R. B. Mogre, B. A. LL. B as State Nyayadhish, *vice* Mr. B. M. Butty B. A. LL. B., appointed Subjudge in British service.

CHAPTER II.

Administration of land.

10. **General.**—The whole of the State has been surveyed, the total surveyed area being 4,49,756 acres and 27 gunthas. There has been no change in the rates of assessment which are fair and reasonable. Rs. 590 were remitted during the year against Rs. 464 last year.

11. **Waste lands.**—Nearly half the total culturable area is under cultivation and the rest of it being fit for cultivation, people find it to their advantage to relinquish one plot and take up another. This accounts for frequent relinquish-

ments. But on the whole it will be found that more and more land is coming under the plough as may be seen from the following 3 years' figures:—

Year.	Culturable				Kharaba.		Total.		Remarks.
	Under cultivation		Waste.						
	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.	
1909-10	1,28,713	23	1,40,437	21	1,00,428	22	3,69,579	26	
1910-11	1,31,358	14	1,38,061	2	1,01,321	28	3,70,741	4	
1911-12	1,31,679	29	1,37,715	9	1,01,193	38	3,70,588	36	

This year 8,568 acres and 28 gunthas were relinquished as against fresh Kabulats for 8,857 acres and 32 gunthas with the result that 289 acres and 4 gunthas more came under cultivation.

12 **Government and Wards' Estate.**—My nephew K. S. Chandradevji returned from England in September last and on account of his attaining majority his estate of Bamti was handed over to him on the 1st of March 1912. Thus there is no longer any wards' estate under the management of the State.

CHAPTER III.

Protection.

13 **Legislation.**—The Civil and criminal work of the State is conducted in accordance with the principles of British Indian Laws and the 'Rivaj' of the State.

14 **Military Force.**—No such force exists here.

15 **Police Force.**—The total strength as it stood at the end of the year was 134 against 140 the preceding year and their cost which was Rs. 24,963 last year has been reduced to Rs. 22,708 this year, without impairing the efficiency of the force. Out of the entire police force 74 are able to read and write.

The proportion of police to population and area is 1·1 per mille and 19·03 per 100 square miles respectively.

Besides the regular police there are 84 Huzur Police Guards and 30 Arabs to guard the Durbar Palace, the treasury, the Jamdarkhana and the Zenana.

16 **Village Police.**—About 300 Shirbandhis headed by village Police Patels constitute this force. They assist the regular police on occasions of emergency. They hold land on service tenure.

17 **Working of the Police.**—Statement V shows this. 85 Cognizable

offences were reported to the Police against 60 the previous year.

18 **Stolen Property.**—The following table contains details regarding this:—

Amount stolen.		Amount recovered.		Percentage of recoveries of property stolen.	
Past year.	Present year.	Past year.	Present year.	Past year.	Present year.
Rs. A. P. 2,203-8- 0	Rs. A. P. 2,052-7- 0	Rs. A. P. 1,088-13-0	Rs. A. P. 906-11-0	49	44

19 **Criminal Justice.**—There are 5 Courts—the Huzur Court, the Dewan's Court, the Nyayadhish Court, the Revenue Officer's Court and the Behej Honorary Magistrate's Court. The two Thandars and the Revenue Shirastedar have also recently been invested with third class Magisterial powers.

20 **Crime.**—The work done by the criminal Courts is shown in the statements VII to IX. It will be seen from the statements that the number of crimes this year was 122 against 105 the previous year and the percentage of conviction was 26 against 28 last year.

Out of 60 convicted 10 were sentenced with imprisonment for more than one year and 39 for less than a year, while 11 were fined. The total amounts of fines inflicted and recovered are Rs. 1,276 and Rs. 370 respectively.

21 **Criminal Appeals.**—Statement IX contains details regarding this. There was no case of infanticide or highway robbery.

22 **Accidental Deaths.**—There were 78 accidental deaths due to snake bites and other causes against 40 last year. Prof. Gujjar's 'Serpisol' was tried in cases of serpent bite and it proved successful in almost all the cases. The efficacy of the antidote lies in its being resorted to soon after the bite.

23 **Fires.**—No fire worth noticing broke out during the year under report.

24 **Civil Justice.**—During the year 78 suits were filed. Particulars regarding these are given in statement X.

25 **Execution of Decrees.**—There were 42 applications (including last year's 5 arrears) for execution of decrees, of which 34 were disposed of during the year and 8 awaited disposal at the end of the year.

26 **Civil Appeals.**—There was no civil appeal during the year under report. (Statement XII).

27 **Extradition.**—The following are the details:—

(*a*) 2 offenders surrendered by the State to British Magistrates through the Collector and Political Agent, Surat.

(*b*) 8 offenders surrendered to the State for trial through the Collector and Political Agent, Surat.

All these offenders were convicted.

28 **Prison.**—There is a Pucca Jail building with side rooms for under-trial prisoners. There were 14 prisoners at the beginning of the year. To these 44 were added and 43 released during the year. Thus at the close of the year the number of the inmates was 15

The daily average attendance in the jail was 18·5 against 16·4 and the cost was Rs. 1977 against Rs. 2,449 the previous year.

The prisoners are employed mostly on road repairs, but occasionally they are also given in-door work ,such as sawing timber, weaving ropes &c.

The State Nyayadhish is in charge of the Jail Department as Jail Superintendent. The Dewan and the Naib Dewan visit the jail premises from time to time to see that every thing is all right there, and that the sanitary arrangement is satisfactory.

29 **Registration.**—This work is done in the Dewan Office, no extra expenditure being incurred on that account. 53 documents of the value of Rs. 22,850 were registered during the year against 22 of the value of Rs. 3315 the previous year, Last year the number was less because of the prevalence of plague at the time.

30 **Municipality.**—The municipal department is entrusted with the work of sanitation, cleanliness of the town, lighting and watering of the streets, and their maintenance.

The total cost under the head amounted to Rs. 7,725-0-0 against Rs. 7,750-0-0 the previous year.

CHAPTER IV.

Production & Distribution.

31. **Season.**—On the whole the year under review was a favourable one though the absence of rain in the latter part of the season affected the better quality of rice crops and the rabi crops in general, but no harm was done to Nagli and inferior sorts of rice crops which throve well.

Happily there was no plague or other epidemic during the year. Malaria and other seasonal maladies such as dyspepsia, bronchitis, diarrhœa have had their usual course but none of them in an epidemic form.

The thermometer readings were as follows:—

	Maximum.	Minimum.
Last year.	108° F. H.	48° F. H.
Present year.	105° F. H.	66° F. H.

32. **Rainfall.**—The total rainfall was 46 inches and 27 cents, against 77 inches and 87 cents last year, Thus though the total quantity was much less than that of the previous year, the fall was regular and well distributed, whereby the agriculturists did not suffer much.

33. The out turn of crops was estimated at 12 annas.

34. **Wages & Labour; Prices of food grains.**—Owing to demand for labour wages have gone up. The labouring classes had ample scope for employment in the shape of cutting of forests and of grass and constructing and repairing Darbari and private buildings. The rates of wages varied between Rs. 0-3-0 to 0-4-0 and even more in some cases. Prices of food stuffs during the year were comparatively higher than those for the previous year as mentioned in Statement XVIII.

35. **Forests.**—The following figures show the areas of reserved and protected forests as compared with those of the previous year.

	Past year.		Present year.	
	Acres	Gunthas.	Acres	Gunthas.
Reserved Area	91,341	14	90,983	24
Protected Area	60,355	4	60,355	4

Forest blocks numbered 162 against 160 the previous year. Forest offences numbered 93 against 17 the previous year, The increase is very much due to the greater and more effective vigilance exercised by the Forest authorities on account of the proper redistribution of the work of detection among the rangers and inspectors.

Rs. 278-1-2 were recovered as forest fines against Rs. 33-13-0 the preceding year.

36 **Forest Roads.**—Proper steps are being taken for the improvement of the forest roads.

37 **Fires.**—No forest fires worth noticing broke out during the year

38 **Forest Revenue.**—Owing to keen competition among timber merchants and the favourable condition of the market at the time of the last auction sale, timber, bamboos &c. fetched very good prices. The total amount realized by the sale was Rs. 2,56,189 against Rs. 1,92,633 last year, showing an increase of Rs. 63,556.

39. **Trade and manufacture.**—Most of the trade that is carried on in the State consists in the exportation of different kinds of grain, timroo leaves for (Biris) and Mhowra fruit. A rice mill has recently been started here by some local merchants and, though it is now in its initial stage, it is doing well. As regards manufacture the only noticeable industries are the making of bamboo baskets, screens and mats of palm trees &c.

40. **Quarries.**—No quarry work is carried on in the State.

41. **Public Works.**—The expenditure under this head amounted to Rs. 34,811 against Rs. 30,527 the previous year, which did not include the amount of Rs. 2,885 spent on road repairs which was shown last year partly under the head, 'Forests' and partly under "Road repairs" (B Administration–Appendix XXII.) Of these Rs. 20,272 were spent on original works, Rs. 12,775 on repairs, and Rs. 1,764 on establishment charges. The principal works executed are as follows:—

			Rs.
I.	**Original works:—**		
(*a*)	Vahial Bungalow	... ...	5,000
(*b*)	Do. Out-houses	... ...	11,125
(*c*)	Two new Bungalows in Dharampur	... ...	4,147
II.	**Repairs:—**		
(*a*)	State Utaras	...	1,002
(*b*)	SchoolsOffice buildings & wells &c.	... ...	7,250
(*c*)	Bulsar Dharampur Road and jungle roads	...	4,523
III.	**Establishment charges:—**	...	1,764
		Rs...	34,811-0-0

The question of repairing and maintaining high roads in different parts of the State is receiving proper attention. Already 2 out of the 3 miles of the trunk road from the State limits to the town of Dharampur have been metalled and put into proper order and the amount spent on one of these miles last year is included in Rs. 4,523 as shown above.

The remaining third mile and other roads will be attended to in due course of time. Steps will be taken next year for the preparation of detailed plans and estimates for the construction of the Chival Huda road.

42. **Relief works programme.**—A proper programme for this has been maintained.

43. **Irrigation.**—No irrigation works are carried on in the State.

44. **Post and Telegraph office.**—There is a combined Post and Telegraph office here.

45. **Mint.**—There is no mint here.

46. **Condition of the people.**—As mentioned in the previous reports the Kaliparaj people form the bulk of the population and they are for the most part agriculturists. Their characteristic tendency to migrate from one place to another even on the slightest pretext still continues, in spite of the special facilities afforded to them by the State, in the shape of granting timber free of cost for building purposes and making advances for sinking wells &c. However with the general advancement that is going on all round, these people are getting more and more intelligent and are showing signs of improvement in their condition.

The Ujaliat people, though small in number, are better off than the Kaliparaj people. They are chiefly money lenders, though some of them are also agriculturists.

The artizan classes such as carpenters, blacksmiths &c. are having a good time of it, as the demand for skilled labour is increasing day by day.

The trading classes are in flourishing condition on account of dearness of food stuffs which fetched them high prices for their commodities.

Most of the Mahomedans are in the service of the State and as the scale of wages has recently been revised, they get higher wages than heretofore whereby they are better off now than before. Some of them also subsist on land.

The Parsis, though small in number, are doing well. Most of them are large land-holders as also liquor shop-keepers.

CHAPTER V.

Revenue & Finance.

47. There is a steady rise in the general revenue of the State, as may be seen from the following figures for the last five years.

	1907-08	1908-09	1909-10	1910-11	1911-12	Remarks.
Land Revenue.	2,13,426	2,35,172	2,39,562	2,37,996	2,39,930	
Abkari.	1,04,165	1,57,800	1,50,605	1,50,355	1,51,896	
Forests	1,04,225	1,12,108	1,95,088	1,92,633	2,56,189	
Miscellaneous.	12,862	15,245	14,654	11,790	67,977	
Total.	4,34,678	5,20,325	5,99,909	5,92,774	7,15,992	

In the above table for the year 1911-12 the figure Rs. 67,977 shown against the item "Miscellaneous" includes Rs. 54,504 being the amount realized by the sale of grass this year.

It will be seen from the above figures that there has been a steady rise under all the heads of revenue except for the year 1910-11 where there was a slight falling-off, on account of the continual prevalence of plague at the time.

The forest revenue which was Rs. 1,92,633 last year rose to Rs. 2,56,189 this year, showing an increase of Rs. 63,556. The reasons for this increase have already been given above in para 38 and the Land revenue which was Rs. 2,37,996 last year has come up to Rs. 2,39,930 this year, showing an increase of Rs. 1,934, but as compared with the figures for 1907-08 when it was Rs. 2,13,426 there is an increase of Rs. 26,504, that is 12 p. c. more.

48. **Chowth Jakat.**—The receipts under this head came to Rs. 7,051 against Rs. 7,528 the previous year, showing a decrease of Rs. 477 this year. This is due to the abolition of some of the minor taxes which were in existence here for a long time but as they were found to be somewhat of a vexatious nature, they were abolished during the year in commemoration of the Raja Saheb's birth-day.

49. **Abkari & Opium.**—The 3 distilleries (Mandva, Fatehpur and Dharampur) continue as heretofore and the Abkari system is worked on the monopoly or minimum guarantee system, the minimum amount being fixed at Rs. 1,40,001 a year, under an agreement with the Ijardar, Messrs Mancherji and Rattanji Tata. The minimum amount includes still-head duty, establishment charges &c.

The consumption of liquor during the year was more than that for 1910-11 but was less than that for the year 1909-10 as may be seen from the following figures:—

Year.	25° U. P. Gallons.	60° U. P. Gallons.	Remarks.
1909-10.	18,716	4,02,181½	
1910-11.	17,938	3,51,549	
1911-12.	22,129½	3,81,383	

The Opium Ijara fetched only Rs. 60 against Rs. 80 last year. The total consumption of this drug during the year was 111 seers and 8¾ tolas against 99 seers and 24 tolas of the previous year.

The total abkari revenue from Bhang, Ganja, Opium, toddy and liquor

amounted to Rs. 1,51,896 against Rs. 1,50,355 the previous year, showing an increase of Rs. 1,541 this year.

Sufficient establishment has been maintained both by the State & the Abkari Ijardar to guard against illicit distillation and other Abkari offences. The number of abkari offences this year was 19 against 13 last year, showing an increase of 6.

50. **Receipts and Disbursements.**—The receipts and disbursements for the year under report are given below:—

I. Receipts.	Rs.
Opening balance...	1,705
Revenue collections under different heads... ...	7,15,992
Recovery of advances paid to merchants for adjusting marriage, plague & other bills...	93,385
Total Rs.	8,11,082

II. Disbursements.	Rs.
Expenditure on staff and other charges	4,17,769
Delhi Durbar	1,78,425
Marriage, plague and other bills adjusted after crediting the advances made to merchants ...	1,00,575
Payment of debts	1,11,566
Closing balance	2,747
Total Rs.	8,11,082

51. **Expenditure.**—Deducting from the total disbursements the amount paid in liquidation of debts and balance in hand the total expenditure comes to Rs. 6,96,769. This amount would not have been so large but for the Delhi Durbar and adjustment of marriage, Jaival and plague bills which cost the State in all Rs. 2,79,000 during this year. Thus excluding all these items the actual expenditure on establishment and other charges comes to Rs. 4,17,769. In order, however, to wipe off old debts and to meet the last two years' expenditure incurred in consequence of the occasions mentioned above, due steps have been taken to economise in all directions, so that the figure for regular expenditure for the year 1912-13 is likely to be very low.

52. **Debts.**—The amount of debt last year was Rs. 3,12,254. During the year under report Rs. 1,11,566 were paid in liquidation of debts against

Rs. 38,997 the previous year. More amount could have been paid but for the heavy expenses incurred in consequence of the occasions mentioned above.

CHAPTER VI.

Vital Statistics.

53. There are two Dispensaries—the Jubilee Charitable Dispensary and the Travelling Dispensary—which are maintained at the expense of the State. The Travelling Dispensary is meant for the Kaliparaj people residing in villages far off from the town of Dharampur. The Medical Department is in charge of Dr. K. T. Pardiwalla, a Medical Graduate of the Bombay University.

Statement XXIV contains the necessary details regarding these Dispensaries. It may be mentioned that most of the indoor patients treated in the Jubilee Charitable Dispensary were Kaliparaj.

54. **Leper Asylum.**—At the commencement of the year there were 37 lepers of whom 3 died during the year. Thus there were 34 lepers at the close of the year.

The daily average attendance in the Asylum was 32·6 against 32·1 the previous year. The expenditure under this head was Rs. 1,535 against Rs. 1,516 last year.

55. **Births and Deaths.**—Comparative figures for births and deaths are as follows:—

	1910-11	1911-12	Increase.	Decrease.	Remarks.
Births ...	2,444	3,205	761	...	
Deaths ...	1,938	2,075	137	...	

The Talatis keep regular registers of births and deaths and submit monthly returns. These registers are checked by the Revenue Officer and further scrutinized by the Vaccination Department.

56. **Vaccination.** The staff consists of 4 Vaccinators and one Inspector and at the head of the staff is the Chief Medical Officer of the State who is styled Superintendent of Vaccination (Statement XXV).

57. **Plague.**—Happily there was no plague during the year under report nor any rat mortality.

CHAPTER VII.

Instruction.

58. The Maharana Shri Mohandevji High School sent up 7 boys in 1911 for the Matriculation Examination of whom 2 passed. More candidates would have passed but for the fact that students were seriously handicapped in their studies on account of plague the prevalence of which necessitated the closing of the school during the first half of the year.

During the year under report the school at Naranpur had to be closed as the attendance there was getting thinner and thinner and it was not working satisfactorily.

Steps are being taken to open another school elsewhere in its stead. It is also in contemplation to increase as far as possible the existing number (21) of schools.

Education is imparted free in all the State schools.

The following table contains figures showing attendance of pupils..

No. of pupils on rolls on 31st March 1911.	No. of pupils on rolls on 31st March 1912.	Average daily attendance 1911.	Average daily attendance 1912.	Remarks.
729	846	333·3	519·2	

The monthly average attendance for all the schools to-gether was 460·9 against 343·7 last year. It will be seen from the above that the figures for the number of pupils on rolls and those for average daily attendance are higher than the previous year's corresponding figures and when compared with the corresponding figures (858 and 544·6 respectively) for 1909-10, they almost equalize those figures. This shows that the schools, which on account of plague suffered considerably both in point of number and attendance, are recovering their lost ground and in order to obtain still better results, the following measures are proposed to be adopted viz., the employment of trained and qualified teachers in place of untrained men, increment of salaries of teachers, award of scholarships to deserving students &c.

The expenditure on education was Rs. 11,293 last year and exceeds the expenditure on education in 1904-05 by Rs. 4,587.

The results of the annual examination are as follows:—

	No. examined.	No. passed.	Percentage.
Village schools.	347	189	54·4
Town schools.	335	208	62·8

Most of the village school teachers are Kaliparaj men of whom some are unqualified and steps are being taken to have them replaced by more efficient and qualified men. These schools have a trained school Inspector. With a view to encourage education among the Kaliparaj boys, the State supplies them with books and other requisites.

59. **Physical Education.**—A gymnasium under a trained teacher is attached to the High School. Cricket kit is also provided for the boys.

60. **School Buildings.**—The town schools are located in suitable buildings. Village schools are also being provided with suitable places.

CHAPTER VIII.

Miscellaneous.

61. **Printing Press.**—The State has a press of its own, where the Annual Administration Report of the State, necessary Forms, Stamps, Notifications &c. required for the State are printed. There is also a lithographic press attached to the Survey Department, where survey maps &c. are printed.

62 **Library.**—The Maharana Shri Narandevji Library contains a sufficient stock of useful and interesting books and subscribes for 11 newspapers and magazines. Besides the regular members, boys of upper classes of the High School are allowed to use the library free of charge. It gets an annual grant of Rs. 200 from the State. The total receipts under this head together with the last year's balance came to Rs. 556-8-2. Of these Rs. 449-7-9 were spent on establishment charges, books &c., leaving a balance of Rs. 107-0-5 at the close of the year.

63. **Record Room.**—The State records are properly kept here.

64. **Wild animals.**—Leopards, panthers, tigers etc. are to be found in the State.

65. **Fairs.**—The Fatehpur fair held annually in April and attended mostly by Kaliparaj people is the only fair worth noticing. It is in honour of the deity Bhairavnath.

66. **Jurisdiction.**—The Behej Jagirdar continues to hold the Magisterial powers conferred on him.

67. **Census Work.**—For the conspicuously good service rendered at the time of the last census in the State, Government were pleased to award to the following gentlemen census certificates which were duly handed over to them on the birth-day of the Raja Saheb.

FIRST CLASS.

1 Mr. Khandubhai Makanji Desai.

SECOND CLASS.

1 Mr. Vithalrao Narsinhrao.
2 Mr. Hormajsha Shapurji Damri.
3 Mr. Gulabsing Lalsing.
4 Mr. Ranchhodji Vasanji.
5 Mr. Madhavrao Devrao.

THIRD CLASS.

1 Mr. Sitaram Dajiba.
2 Mr. Vamanrao Keshavrao.
3 Mr. Gulabbhai Dajibhai
4 Mr. Bhikhoba Bhashkerrao.
5 Mr. Kolgha Padher.

68. **Delhi Durbar.**—In response to the kind invitation of Government on the occasion of the Delhi Durbar, the memory of which shall ever be cherished with feelings of gratitude and happiness by those that had the pleasure of witnessing it, myself with a staff of about 200 men (including the Dewan, other officials and followers) left for Delhi on 28-11-1911 and reached the Camp on 30-11-1911. At the Provincial Camp Station I am glad to note that proper reception was accorded to me by Government Officials and a salute of 9 guns was fired in honour of my arrival. During my stay at Delhi till 17-12-1911 I attended all the State functions. Nothing could surpass the brilliancy and the grandeur of the Coronation Durbar, while His Most Gracious Majesty the King Emperor proclaimed the various boons, grants and concessions which filled the hearts of Native Chiefs and people of India with unbounded joy and gratitude. This visit of Their Majesties to India afforded a very rare opportunity for the first time to the Native Chiefs and the people of India to testify in person their loyalty and devotion to the British Raj on which, it is prayed, the sun will never set. While at Delhi I had the honour of being presented to His Majesty the King Emperor who was extremely courteous to me, I had also the honour of being awarded a gold medal. Autographic copies of photos of His Majesty the King Emperor and Her Majesty the Queen Empress were also presented to me at the time.

This auspicious, unique and interesting occasion was celebrated in the State of Dharampur in a due and becoming manner. Schools and offices were closed at the time and the days were observed as public holidays. On the Coronation day (12-12-1911) the Imperial Proclamation was read in the town of Dharampur and also in the State villages. There were illuminations all over the town and also in the villages, streets were decorated, sweets distributed to school children, doles given to the poor and 8 prisoners were released. In like manner

prayers were offered in the temples for the long life, health and happiness of Their Royal Majesties and other Members of the Royal Family. A Royal salute of 101 guns was fired on the occasion.

69. In connection with the Delhi Durbar the following are the names of my relations, Sardars, and Officials who have been awarded silver medals by Government.

RELATIONS.

1 K. S. Narsinhdevji.
2 Bhai Shri Prabhatdevji.
3 K. S. Chandradevji.

SARDARS.

1 Sardar Umedsing Gulabsing.

OFFICIALS.

1 S. G. Jayakar Esq. M. A., B. Sc., Dewan.

70. **Birth-day of His Most Gracious Majesty The King Emperor.**—This auspicious day (3rd June 1912) was observed as a Public Holiday and a day of rejoicings. A Royal salute of 31 guns was fired on this occasion.

71. **Concluding remarks.**—In conclusion, I have to express my hearty thanks to Government and the Collector and Political Agent, Surat, for the uniformly cordial and friendly advice and support I have received from them from time to time, and I earnestly hope that the same will be continued to me hereafter. I have also to express once more my hearty appreciation of the devotion, zeal and ability with which, my Dewan, Mr. S. G. Jaykar has assisted me in carrying on the administration of my State.

I am,
Your sincere friend,

DHARAMPUR,
6th September, 1912.

(Sd.) MAHARANA SHRI MOHANDEVJI RANA,
Raja Saheb of Dharampur State.

APPENDICES

Appendix I.

No. 53 of 1913.

FROM,

MAHARANA SHRI MOHANDEVJI RANA,
Raja Saheb of DHARAMPUR STATE.

TO,

F. G. H. ANDERSON Esq. I. C. S.,
Collector and Political Agent, Surat.
SURAT.

DHARAMPUR, 6th SEPTEMBER 1913.

MY FRIEND,

I have the honour to submit the Annual Administration Report of my State for the year ending 30th June 1913.

CHAPTER I.

2. **Area and Population.**—Area 704 square miles. Population (according to the census of 1911) 1,14,995 (58,589 males, and 56,406 females). Gross Revenue based on the last 5 years' revenue Rs. 6,24,042 against Rs. 5,72,735, showing an increase of Rs 51,307.

3. **Chowth Jakat.**—Rs. 9,000 are annually paid to the British Government, under an agreement, dated 6th April 1870, in lieu of Chowth Jakat formerly levied by them in this State.

4. **Political Relations.**—The relations of the State with the British Government and the neighbouring States are friendly and satisfactory. There is a slight boundary dispute with the Portuguese Government in respect of two plots of land but it is likely to be soon settled satisfactorily.

5. **Visits.**—Mr. F. G. H. Anderson, Collector and Political Agent, Surat, visited the State in December last and stayed here for 3 days. A cordial reception was accorded to him and in honour of his visit a Durbar was held and prizes were distributed to several pupils of State schools at the hands of Mrs. Anderson.

The Hon'ble Mr. R. P. Barrow I. C. S., Commissioner N. D., and Mr. W. O. Alcock I. C. S., Ag. Collector and Political Agent, Surat, also paid visits here during the year under report.

Among other distinguished visitors may be mentioned the names of Mr. M. S. Advani, District and Sessions Judge, Surat, and the Dewan of Kashmir.

6. **Name and Title.**— My name is Maharana Shri Mohandevji Narandevji Rana, and my age is 50. I belong to the Sisodia Rajput caste (Solar Dynasty). I have two sons Kumar Shri Vijaydevji and Kumar Shri Narsinhdevji by my only Raniji of Virpur in Kathiawar.

7. **Domestic occurrences Of interest in the Raja Saheb's family**— No such event happened during the year under report.

8. **Journey.**— With a view to inquire into the condition of the villagers and to ascertain their wants, I visited several parts of the State. I also paid visits on several occasions to the Collector and Political Agent, Surat. Under medical advice I went to Deolali during the rainy season to recruit my health and stayed there for about 3 months. The change proved very beneficial to my health. During my stay at Deolali I went to Poona and paid visits to H. E. the Governor and Members of Council.

9. **Changes in the Administration.**—Hardly any changes worth mentioning took place in the personnel of the Administration.

CHAPTER II

Administration of Land.

10. **General.**—The whole of the State has been surveyed and the total area aggregates 4,49,756 acres and 27 Gunthas. The assessment rates continue to be the same as heretofore, the amount remitted being Rs 1,355 against Rs. 590 the previous year.

11. **Waste Lands.**—The following figures show the area of waste land and that of land under cultivation for the year under report and the preceding year.

Year.	Culturable.				Kharaba.		Total.		Remarks.
	Under cultivation.		Waste.						
	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.	
1911-12	1,31,679	29	1,37,715	9	1,01,193	38	3,70,588	36	
1912-13	1,31,193	36	1,38,397	29	1,00,998	18	3,70,590	3	

It will be seen from the above that the area under cultivation continues to be almost the same as in the last year with a slight variation.

During the year the area relinquished amounted to 8,134 acres and 14 gunthas against 7,717 acres and 23 gunthas taken up.

12. **Government and Wards' Estate.**—No such estate exists any longer under the management of the State.

CHAPTER. III

Protection.

13. The civil and criminal work of the State is carried on in accordance with the principles of British Indian Laws and the 'Rivaj' of the State.

14. **Military Force.**—There is no military force here.

15. **Police Force.**—This force consists of 131 men, against 134 of the previous year, the cost incurred being Rs. 24,273 against Rs. 22,708 the previous year, showing an increase of Rs. 1,565. This is due to the purchase of one new gun with carriage for saluting purposes and several new guns for the State Police.

Out of the entire police force 77 are able to read and write.

The proportion of police to population and area is 1·1 per mille, and 18·6 per 100 square miles respectively.

There are also 84 Huzur Palace guards and 30 Arabs, specially enlisted to guard the Durbar Palace, the Treasury, the Jamdar khana and the Zenana.

The Huzur Palaceguards also assist the regular police on certain occasions.

16. **Village Police.**—About 300 Shirbandis(Kaliparaj people) headed by village Police Patels—all holding land on service tenure—constitute this force. They co-operate with the regular police whenever their services are required.

17. **Working of the Police.**—Statement V shows this, 100 cognisable offences were reported to the Police against 85 the previous year.

18. **Stolen Property.**—Details regarding this are given in the statement VI

19. **Criminal Justice.**—There are 5 Counts exercising criminal jurisdiction (1) the Huzur Court (2) the Dewan Court (3) the Nyayadhish Court (4) the Revenue Officer's Court and (5) the Behej Honorary Magistrate's Court. There are also 3 Thandars and the Revenue Shirastedar who exercise Third Class Magisterial powers.

20. **Crime.**—The work done by the Criminal Courts is shown in statements VII. to IX.

It will be seen from the Statements that the number of crimes this year was 164 against 122 the preceding year, and the percentage of conviction was 24 against 26 the previous year. This is due to the fact that most of the cases were of hurt and were compounded by the parties themselves

Out of 75 convicted, 8 were sentenced with imprisonment for more than one year and 48 for less than a year, 16 were fined, while three were punished with whipping, The total amount of fine inflicted was Rs. 570 out of which Rs. 252 were recovered.

21. **Criminal Appeals.**—Statement IX. contains details regarding this.

22. There was no case of infanticide or high-way robbery during the year under report.

23. **Accidental Deaths.**—There were 75 accidental deaths against 78 last year, nearly one-third of them being due to snake bites.

24. **Fires.**—There were 2 outbreaks of fire worth noticing, one in the town and the other in the village of Bopi, the total loss occasioned thereby aggregating about Rs. 9,000.

25. **Civil Justice.**—There were 77 suits filed during the year. Details regarding these are given in the statement X.

26. **Execution of Decrees.**—Inclusive of the last year's 8 applications for execution of decrees, the total number of applications came to 44, of which 36 were disposed of during the year, while 8 awaited disposal at the end of the year.

27. **Civil Appeals.**—The details under this head are given in the statement XII.

28. **Extradition.**—The details regarding this are as follows:—

(*a*) No offender was surrendered for trial to British Magistrates.

(*b*) 3 Offenders were surrendered to the State Nyayadhish for trial, through the Collector and Political Agent, Surat. All these were convicted.

(*c*) One offender was surrendered to the Bansda Durbar through the Collector and Political Agent, Surat, but his case was not decided during the year under report,

(*d*) One offender who has taken refuge in the Portuguese territory after committing breach of trust in the State awaits trial in the Portuguese Court as he is not a British subject.

29. **Prison.**—It consists of a Pucca building with side rooms for under-trial prisoners. Details regarding the number of prisoners will be found in Statement XIII.

Most of the prisoners are employed on road repairs, while a few of them are given indoor work such as sawing timber, weaving ropes and so forth.

The State Nyayadhish is in charge of the Jail as Jail Superintendent, and the Dewan and the Naib Dewan are appointed visitors who visit the Jail from time to time and see that every thing is all right there.

30 **Registration.**—This work is done in the Dewan Office, no extra cost being incurred on that account. 90 documents of the value of Rs. 33,829 were registered during the year, against 53 of the value of Rs. 22,850, the previous year. The registration fees realized during the year under report were Rs. 153 against Rs. 104 last year.

31. **Municipality.**—There is a municipality for the town of Dharampur only. It looks after the sanitation, cleanliness, and lighting of town streets &c, The total cost under this head aggregated Rs. 6,024 against Rs. 7,725 the previous year.

CHAPTER IV.

Production and Distribution.

32. **Season.**—On the whole it was a fairly good year, though it was some what affected by the untimely fall of rain after the rainy season was over.

There was no plague or other visitation in an epidemic form during the year, though malaria, dyspepsia, bronchitis &c, have had their usual turn.

The thermometer readings were as follows.—

	Maximum.	Minimum.
Past year.	105° F. H.	66° F. H.
Present year.	104° F. H.	57° F. H.

33. **Rainfall.**—The total rain-fall was 105 inches and 4 cents, against 46 inches and 27 cents last year.

34. The outturn of crops was estimated at 11 annas.

35. **Wages and Labour; Prices of Food Grains.**—Owing to increased demand for labour, wages are going up, the rates varying from annas 3 to annas 4 and in some cases even higher than these. The cutting of State forests and the construction of buildings both public and private afford ample scope to labourers &c. for employment.

Prices of food-stuffs continued to be almost the same as in the previous year. (Statement XVIII.)

36. **Forests.**—There were slight alterations in reserved areas and blocks of forests as may be seen from the following figures.

	Past year.		Present year.	
	Acres.	Gunthas	Acres.	Gunthas.
Reserved area	90,983	24	90,857	20
Forest blocks.	162		160	

The protected area of 60,355 acres & 4 gunthas remained unaltered during the year under report.

The number of forest offences was 88 against 93 the previous year. Rs. 364-3-0 were recovered as forest fines against Rs. 278-1-2 the preceding year.

37. **Fires.**—No fire worth noticing broke out during the year under report.

38. **Forest Roads.**—Due attention is being paid to the improvement of these roads, the amount spent thereon being included in the item of "Road repairs" under the P. W. Department (Vide para 42 below.)

39. **Forest Revenue.**—The revenue under this head amounted to Rs. 2,75,894 against Rs. 2,56,189 showing an increase of Rs. 19,705. This increase is due to better market and keen competition among the forest merchants.

40. **Trade and Manufacture.**—As mentioned in the last year's report most of the trade that is carried on here is in the shape of exportation of different kinds of grain, timroo leaves for 'Biris' and Mhowra fruit. A rice mill started some time back is doing well.

As regards manufacture, the only industries worth noticing are the making of bamboo baskets and screens and mats of palm leaves &c.

41. **Quarries.**—No quarry work is carried on in the State.

42. **Public Works.**—The expenditure under this head amounted to Rs. 47,071 against Rs. 34,811 the previous year. The details are as follows:—

1. **Original Works:—**		
(*a*) Vahial Bungalow		5,000
(*b*) Do Out-houses...		9,125
(*c*) Site including foundation and compound wall for the Girls' School		7,000
		21,125
2. **Repairs:—**		
(*a*) Buildings.		
Forest and other offices, Guest-houses, District Uttaras, School buildings, and Durbari buildings		15,759
(*b*) Roads.		
Bulsar Dharampur road, Dharampur Bansda road via Asura, Town, and Jungle road (including the survey of the Chival Huda road.)		7,565
		23,324
3. **Establishment charges:—**		2,622
	Total Rs.	47,071

43. **Relief Works Programme.**—A proper programme for this has been maintained

44. **Irrigation.**— No irrigation works are carried on in the State.

45. **Post and Telegraph Office.** There is a combined Post and Telegraph Office.

46. **Bulsar Dharampur Railway.**—As sanctioned by Government, the survey work of the Bulsar Dharampur road for the proposed railway has almost been completed as far as Nani-Vahial through the agency of Messrs Killick Nixon & Co., and it is hoped that the project will be realized, in part at least, a short time hence.

47 **Mint.**—No such institution exists here.

48 **Condition of the people.**—With the progress of the times the Kaliparaj people who form the bulk of the population are showing signs of improvement. Concurrently with this the Durbar too has been affording them all the requisite help in different ways, such as the free supply of timber for building purposes and loans on easy terms for sinking wells &c.

The Ujaliats, who form a minority and who for the most part are Sowkars and agriculturists, are doing good business and are comparatively better off than the Kaliparaj people. Their condition too is day by day improving.

The demand for skilled labourers is getting more and more with the result that artisan classes such as carpenters, blacksmiths &c. are having a good time of it.

The general rise in the prices of food stuffs has materially benefited the trading as also the cultivating classes, and they are prospering also.

Most of the Mahomedans here are in the service of the State, though a few of them are also cultivators. Comparatively their condition too is improving.

The Parsis who are in a very small minority are either liquor shop-keepers or cultivators and most of them are in affluent circumstances.

CHAPTER. V

Revenue & Finance.

49. **Revenue.**— The revenue of the State has been steadily increasing as may be seen from the following 5 years' figures:—

Heads	1908-9	1909-10	1910-11	1911-12	1912-13	Remarks,
Land Revenue.	2,35,172	2,39,562	2,37,996	2,39,930	2,40,824	
Abkari.	1,57,800	1,50,605	1,50,355	1,51,896	1,59,816	
Forests.	1,12,108	1,95,088	1,92,633	2,56,189	2,75,894	
Miscellaneous.	15,245	14,654	11,790	67,977	14,677	
Total...	5,20,325	5,99,909	5,92,774	7,15,992	6,91,211	

In the above table, for the year 1911-12, the figure of Rs. 67,977 shown against the item "Miscellaneous" is inclusive of Rs. 54,504, it being the amount

realized by the sale of a large quantity of grass at an exceptionally high rate, on account of scarcity of fodder in Kathiawar and other places, but when comparison is made with the figure shown against the same head for the year1910-11, there is an increase of Rs. 2,887 under that head during the year under report and on the whole the total amount of gross revenue for the year is Rs. 6,91,211, showing an increase of Rs. 98,437 as compared with the total collection for the year 1910-11. In like manner, after deducting Rs. 54,504 from the gross revenue for the year 1911-12 (as being extraordinary income) the gross revenue proper for that year comes to Rs.6,61,488, against the total revenue for the year under report, which amounts to Rs. 6,91,211, showing an increase of Rs. 29,723. But if comparison is made between the total receipts for the year 1908-09 (Rs. 5,20,325) and those for the year under report (Rs. 6,91,211) there is an increase of Rs. 1,70,886 From the above mentioned figures it will appear that there has been a steady increase in the total income during the last five years.

50. **Chowth Jakat.**—The receipts under this head amounted to Rs. 7,933 against Rs. 7,051 the previous year, showing an increase of Rs. 882.

51. **Abkari and Opium.**—The three distilleries —Mandva, Fatehpur and Dharampur—continue as heretofore. The Abkari work is conducted on the minimum guaranteed system, the minimum yearly amount being fixed at Rs 1,40,001, under an agreement with the Ijardar Messrs Mancherji and Rattonji Tata.

During the year under report there was a falling- off in the consumption of liquor, as may be seen from the following figures and this seems to be due to the enhancement of selling rates in the interior of the State.

Year.	25° U. P	60° U. P.
1911-12	22,129½	3,81,383
1912-13	18,720	3,21,808

Incidentally it may be mentioned here that the 5 years' Abkari Ijara terminated on 5th July 1913, and under a fresh agreement with the same Ijardar the minimum for the next 5 years is fixed at Rs. 2,70,001 per year, against the previous minimum at Rs. 1,40,001, showing an annual increase of Rs. 1,30,000.

The opium Ijara fetched only Rs. 70 against Rs. 60 last year, the total consumption being 70 seers and 30¾ tolas, against 111 seers and 8¾ tolas the preceding year.

Sufficient establishment has been maintained both by the State and the

Ijardar to guard against Abkari offences, the number of such offences being 14 against 19 the previous year.

52 **Receipts & Disbursements.**—The details regarding these are as follows.

I. Receipts:—		Rs.
(*a*) Opening balance		2,747
(*b*) Total receipts		6,91,211
(*c*) Recovery of advances made to merchants for adjusting marriage, plague and other bills.		22,995
Total...		7,16,953.

II. Disbursements		Rs.
(*a*) Expenditure on staff and other charges... ...		4,31,627
(*b*) Tagavi Loan Fund set apart		12,000
(*c*) Special help by way of Tagavi to a khatedar who suffered heavily on account of an outbreak of fire.		1,500
(*d*) Debts.—		
(i) Payment of principal	84,703	
(ii) Do Interest	32,163	2,66,175
(iii) Do old bills	1,49,309	
(*e*) Closing balance		5,651
Total...		7,16,953

(*a*) It may be observed here that retrenchments under certain heads such as "Paga," "Palace Guards" "Stores" "Furniture" "Jiwai allowances" and other miscellaneous heads (including some of my personal expenditure) all amounting to about Rs. 35,000 were effected during the year under report, but against that it was necessary to meet unforeseen expenses such as my own illness and that of my daughter-in-law and the heir-apparent, as also marriage and other ceremonies in the family of my father-in-law at Virpur where the Raniji herself had to go. To these may be added the reception of the Kashmir deputation and my visit to H. E. The Governor at Poona. Owing to all these causes the actual expenditure has come to Rs. 4,31,627 otherwise it would have been under Rs. 4,00,000.

(*b*) **Tagavi Loan Fund.**—For the present a sum of Rs. 12,000 has been set apart to afford relief to poor and needy cultivators. The facts are that in former times cultivators borrowed money from different sowkars at exorbitant rates of interest but to save them from the depredations of the sowkars, a company was started

to advance loans on easy terms with State guarantee. The result was that in some cases the State had to make good the loss sustained by the company by reason of default or failure on the part of the cultivators. This system prevailed for some time but the company gradually began to raise their rates of interest and with a view to protect the cultivators it was thought advisable that the State itself should set apart a sum of Rs. 12,000 at least this year from which Tagavi advances could be made on easy terms. It has further been arranged that this sum should always be kept separate and a moiety of the yearly income derived therefrom should be added to the principal so long as the fund came to Rs 20,000 and the other moiety to be used for the benefit of the cultivators by constructing useful works, such as sinking wells, constructing small ponds, ("veris"), small "bunds" and such other works as might be useful to the villagers.

(*d*) **Debts.**—At the commencement of the year it was estimated that a sum of Rs. 2,50,000 could be utilized towards the payment of the debts, but by economical and judicious management Rs. 2,66,175 have been paid off that is, Rs. 16,175 more were paid off than estimated at first.

In addition to the payment of Rs. 2,66,175 towards the liquidation of the debts during the year under report, about Rs. 32,000 more have been paid off subsequently and it is hoped that a further payment of about Rs. 40,000 or 50,000 will be made during the course of the next two months or so. At the commencement of the last year the total amount of debt (exclusive of arrears of old bills) was Rs. 3,12,254 and though during that year Rs. 1,11,566 were paid still in reduction of the above mentioned sum of Rs. 3,12,254 only Rs. 38,101 were paid and the rest viz. Rs. 35,129 plus Rs. 38,336 were paid in liquidation of interest due and advances taken from the Jungle Contractors as shown in appendix XXII page xxx of the Administration report for the year 1911-12.

Thus at the commencement of the year under report the total debt (exclusive of arrears of bills) amounted to Rs. 2,74,153 of which as shown above in this para under II Disbursements item (*d*) Rs. 84,703 were paid during the year under report leaving a balance of Rs. 1,89,450.

53. **Expenditure.**—The total amount of expenditure during the year under report aggregated Rs. 4,31,627 against Rs. 4,17,769 in the previous year, showing an increase of Rs. 13,858. But this increase is chiefly due to the following additional items of expenditure amounting to about 14,500, viz. Education, Road repairs, Repairs to guest houses, Uttaras and the Dispensary &c.

As regards the item "Road repairs", it may be observed that some new roads have been opened in the town and new culverts constructed but all these works

have been done by contract and advances in respect thereof have been made to the contractors but as no final adjustment of their bills have been effected, the actual expenditure incurred in respect of these works has not been shown in the year under report, but properly speaking though a sum of Rs. 3,042 more than what was spent on roads in 1911-12 (last year's amount being Rs. 4,523), is shown above as spent, the actual amount spent on road repairs during the year under report will aggregate about Rs. 10,000.

CHAPTER VI.

Vital Statistics.

54 The two State Dispensaries are the Jubilee Charitable Dispensary and the Travelling Dispensary, the latter being meant specially for the Kaliparaj people staying in villages. The Medical Department is in charge of Dr. K. T. Pardiwala, a Medical Graduate of the Bombay University.

Statement XXIII contains details regarding both these institutions.

Most of the indoor patients treated in the Jubilee Charitable Dispensary were Kaliparaj men.

55 **Leper Asylum.**—There were 34 inmates at the beginning of the year and 8 were added during the year and 5 died. Thus there were 37 remnants at the end of the year.

The daily average attendance in the Asylum was 32·9 against 32·6 the preceding year.

The expenditure under this head came to Rs. 1,664 against Rs. 1,535 the previous year.

56. **Births & Deaths.**—The figures under this head for the last two years are detailed in statement XXIV.

Registers regarding these are regulary kept by Talatis and checked by the Revenue Officer and further scrutinized by the Vaccination Department.

57. **Vaccination.**—The vaccination staff consists of 4 vaccinators and one Inspector presided over by the Chief Medical Officer of the State in the capacity of Superintendent of Vaccination.

Particulars regarding vaccinations, revaccinations etc. will be found in the Statement XXV. It may be observed that the number of revaccinations during the year under report was somewhat higher than usual and that was due to the fact that small-pox in an epidemic form was raging for some time in the neighbouring

Portuguese Territory and as a precautionary measure it was necessary to resort to revaccination. Comparatively the number of unsuccessful results was higher and that was probably due to the inferior quality of lymph received from the Belgaum Depôt. Revaccination resorted to in many cases as a precautionary measure as mentioned above is also partly responsible for the high rate of unsuccessful results.

58. **Plague.**—Fortunately during the year under report there was no plague or rat mortality here.

CHAPTER VII.

Instruction.

59. The number of schools continued to be the same as last year, viz. 21, including the Maharana Shri Mohandevji High School which teaches up to Standard VII.

Education is imparted free in all the State Schools.

Particulars regarding the numbers and attendance of pupils are given in the Statement XXVI.

The monthly average attendance for all the schools to-gether was 645·6 against 460·9 last year. From all these particulars it will be seen that there is an improvement in point of number as also in attendance.

The total expenditure on 'Education' was Rs. 12,756 against 11,457 last year.

The following are the results of the last Annual Examinations.

	No. Examined.	No. Passed.	Percentage.
Village Schools	230	152	66
Town Schools	350	307	87

Most of the Village schools are provided with Kaliparaj teachers and steps are being taken to replace unqualified teachers in town and village schools by trained and efficient men.

By way of encouragement the Kaliparaj boys are supplied with books and other school requisites free of charge, and prizes are also awarded for attendance and general efficiency.

60 **Physical Education.**—In the school curriculum, proper provision is also made for imparting physical education.

A gymnasium is attached to the High School and a qualified Drill Master is employed to teach drill to the boys. The High School is also provided with

cricket kit and with a view to encourage this game some inter-school matches were arranged during the year between home and Bulsar school teams.

CHAPTER VIII.

Miscellaneous.

61. **Printing Press.**—The State has a press of its own where all the necessary printing work is executed including even the printing of the annual Administration Report. A lithographic press is attached to the Survey Department where survey maps &c. are printed.

62. **Library.**—The Maharana Shri Narandevji Library is equipped with suitable and useful books on different subjects. It also subscribes for certain periodicals, magazines, newspapers &c. In addition to the regular subscribers, boys of the upper classes of the High-School are allowed to make use of the Library without any fees, and many boys take advantage of this concession.

The State awards an annual grant of Rs. 200 to this institution.

The total receipts under this head together with the last year's balance amounted to Rs. 455-7-11 of which Rs. 381-2-0 were spent on establishment charges, purchase of new books &c., leaving a balance of Rs. 74-5-11 at the close of the year.

63. **Record Room.** The State records are properly kept in this room.

64. **Wild Animals.**—There are many wild animals in theState Jungles, such as panthers, leopards, tigers, bears &c. No European gentlemen visited the State for " Shikar " during the year under report.

65. **Fairs.**—The only fair worth noticing is the one that is held annually at Fatehpur in April, in honour of the Deity 'Bhairavnath '. It is mostly attended by Kaliparaj people.

66. **Jurisdiction.**—The Behej Jagirdar continues to hold the Magisterial powers conferred on him by the Durbar.

67. **Delhi Durbar Anniversary Day.**—In honour of this occasion, the 12th of December 1912 was duly observed as a public holiday and sweets were distributed amongst School boys and girls.

68 **Ladies' gathering to join in an address to Her Excellency Lady Hardinge.**—A meeting of the principal ladies of the State presided over by the Raniji was held in the Raniji's palace on 15th January 1913, to join in an

address to Her Excellency Lady Hardinge. The address was read and all present unanimously expressed their hearty sympathy with the movement so nobly organised by Her Excellency Lady Sydenham. Speeches were made at the time by some of the ladies, expressing their utmost horror at the attempt on the life of His Excellency the Viceroy by some miscreant or miscreants at the time of His Excellency's Entry into Delhi and congratulating Her Excellency on the merciful escape and on Her Excellency's extraordinary display of fortitude at such a critical time. Fervent and earnest prayers were offered at the time to the Almighty for the speedy and complete recovery of His Excellency the Viceroy. A sum of Rs. 105 was collected at the meeting and it was remitted to the Bank of Bombay, for credit of "Lady Hardinge Address fund."

69. **First Public Appearance of H. E. the Viceroy at the opening of the new Imperial Legislative Council at Delhi.**—As the 27th of January 1913 happened to be a holiday on account of my birth-day, the following day was also observed as a general holiday in the State (all schools and offices being closed) as a mark of rejoicing on account of the first public appearance of H. E. the Viceroy at the opening of the New Imperial Legislative Council at Delhi.

70. **Birth-day of His Most Gracious Majesty the King Emperor.**—This auspicious day (3rd June 1913) was duly observed as a public holiday and a day of rejoicing, while a Royal salute of 31 guns was fired in honour of the occasion.

71. **Children's Day.**—In honour of the recovery of H. E. the Viceroy, the 20th of June (the birth-day of His Excellency) was duly celebrated here. All the State schools were closed and sweetmeats distributed among the pupils. School sports were also arranged on that day.

72 **Concluding Remarks.**—Before concluding, it may be remarked that during the year under report the following improvements have taken place.

(1) The income on the receipt side has increased by Rs. 29,723 as explained in para 49

(2) Retrenchments to the extent of about Rs. 35,000 were made under several heads as mentioned in para 52 sub head (*a*)

(3) A permanent Tagavi fund amounting to Rs. 12,000 has been set apart as mentioned in para 52 sub head (*b*)

(4) About Rs. 10,000 more were spent on road repairs than in the preceding year, as shown in para 53.

(5) Purchase of a suitable site &c. for the Girls' school for Rs. 7,000 as shown in para 42.

(6) The Survey of the Chival Huda Road was undertaken and completed during the year.

(7) Arrears of old bills have been paid off to a considerable extent.

It may also be observed that it is under contemplation to meet the following wants as soon as possible.

(1) The construction of a portion of the Chival Huda road.

(2) The improvement of the road from Behej to Vadpada (about 4 miles)

(3) The opening of two new Dispensaries one at Rumla and the other at Mandva for Kaliparaj subjects. This will be in addition to the employment of a Travelling Doctor who has already been affording medical help to Kaliparaj people by moving about in the districts through out the fair season.

(4) The opening of a few more village schools at suitable places in the districts.

(5) The improvement of some Jungle roads.

In conclusion, I have to offer my hearty thanks to Government and the Collector & Political Agent, Surat, for the kind and friendly advice and support I have received from them from time to time and I sincerely trust that the same kind of support and advice will be continued to me hereafter. I have also to commend the valuable services rendered to me by my Dewan Mr. S. G. Jayakar in carrying on the administration of my State smoothly and satisfactorily.

I am,

Your sincere friend,

DHARAMPUR,
6th September 1913.

MAHARANA SHRI MOHANDEVJI RANA,
Raja Saheb of Dharampur State.

From

MAHARANA SHRI MOHANDEVJI RANA,

RAJA SAHEB OF DHARAMPUR STATE.

To

J. P. BRANDER, Esq., I.C.S.,

COLLECTOR AND POLITICAL AGENT, SURAT.

DHARAMPUR (CAMP NANI VAHIAL).

7th September 1914.

MY FRIEND,

I have the honour to submit the Annual Administration Report of my State for the year ending 30th June 1914.

CHAPTER I.

2. **Area and Population.**—Area 704 square miles. Population 114,995 (58,589 males and 56,406 females).

3. **Revenue.**—The average annual gross revenue of the State based on the actual collections under the several revenue heads of account during the last five years ending 30th June 1914 was Rs. 7,00,535 against Rs. 6,24,042, showing an increase of Rs. 76,493.

4. **Chowth Jakat.**—A sum of Rs. 9,000 is annually paid to the British Government by virtue of an agreement, dated 6th April 1870, in lieu of Chowth Jakat formerly levied by them in this State.

5. **Political Relations.**—The Political relations of this State with the British Government and the neighbouring States have continued to be friendly and cordial. The slight boundary dispute with the Portuguese Government referred to in my last year's report, in respect of two plots of land, is likely to be settled soon—thanks to the intervention of Mr. Anderson, Collector and Political Agent, Surat, who was appointed special Delegate by Government to negotiate in this matter on my behalf.

6. **Visits.**—Mr. F. G. H. Anderson, Collector and Political Agent, Surat, visited the State in November last, and stayed here for four days. A cordial reception was accorded to him and in honour of his visit a Durbar was held and prizes were distributed to several school boys and girls at the hands of Mrs. Anderson. During his stay here he visited some of the Public Institutions and was much pleased with all he saw.

7. **Name and Title.**—My name is Maharana Shri Mohandevji Rana and my age is 51. My caste is Sisodia Rajput (Solar Dynasty). My two sons by my only Raniji of Virpur (Kathiawar) are Kumar Shri Vijaydevji and Kumar Shri Narsinhdevji.

8. **Domestic Occurrences of interest in the Raja Saheb's family.**—The only incident of importance that occurred in my family was the death of my stepmother G. S. Matushri Gulab Kunver Ba Saheb on 20th May 1914, at the age of 71. I am much obliged to H. E. the Governor of Bombay and the Collector and Political Agent, Surat, for sympathising with me in this sad bereavement.

9. **Journey.**—During the year under report I visited several villages of my State in order to ascertain the condition of the ryots and to know their wants. I also visited the Collector and Political Agent, Surat, at several times. In like manner in response to the kind invitation of H. E. the Governor, I attended two social gatherings that were held at the Government House, Bombay, and on both the occasions I was received very cordially by His Excellency. At that time I also paid informal private visits to H. E. the Governor and Members of Council. In like manner, in April 1914, I went to Bombay to pay a visit to the Hon'ble Mr. Hill, C.S.I., C.I.E., Member of Council, to bid him good-bye on the eve of his going Home on leave. At that time I also paid a visit to the Hon'ble Mr. Sheppard, C.I.E., his *locum tenens*.

10. **Changes in the Administration.**—The only change of importance that took place in the personnel of the Administration was the appointment of Dr. S. K. Kotwal, L.M. & S., as Assistant Medical Officer.

CHAPTER II.

Administration of Land.

11. **General.**—The whole of the State has been surveyed and the total area comes to 449,756 acres and 27 gunthas. The assessment rates continue to be fair and reasonable as before, the amount remitted being Rs. 553 against Rs. 1,355.

12. The following is a comparative statement showing the area of waste land and that of land under cultivation during the year under report and the preceding year :—

Year.	Culturable.				Kharaba.		Total.	
	Under Cultivation.		Waste.					
	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.
1912-13 ...	131,193	36	138,397	29	100,998	18	370,590	3
1913-14 ...	132,117	4	137,586	28	100,881	14	370,585	6

The abovenamed figures show that the area under cultivation continues to be almost the same as in the preceding year, with a slight difference.

Agriculture.—Out of the total area under cultivation 113,427 acres and 15 gunthas were under dry crop and the remaining 18,689 acres and 29 gunthas under rice crop.

During the year the area of land relinquished was 4,630 acres and 13 gunthas against 5,535 acres and 26 gunthas taken up.

13. **Government Wards' Estate.**—There is no such estate under State management.

CHAPTER **III.**

Protection.

14. The Civil and Criminal work of the State is carried on according to the spirit of the laws prevailing in British Territory, with such modifications as are necessitated by the condition of the people and the 'Rivaj' of the State.

15. **Military Force.**—No military force exists here.

16. **Police Force.**—The police force consists of 131 men, the number being the same as in the previous year. The details regarding this force are as follows :—

1	Police Superintendent.
1	Fouzdar.
18	Police Bandmen.
101	Foot Police.
10	Mounted Police
Total ... 131	

The cost incurred under this head came to Rs. 22,155 against Rs. 24,273 the previous year, showing a decrease of Rs. 2,118.

Out of the entire police force 79 are able to read and write.

The proportion of Police to population and area is 1·1 per mille, and 18·6 per 100 square miles, respectively.

Besides the regular police, there are 84 Huzur Palace guards and 30 Arabs to guard the Durbar Palace, the Treasury, the Jamdar-khana, and the Zenana.

The Huzur Palace guards, in addition to their regular work, assist the Police on occasions of emergency.

17. **Village Police.**—This is an important body of public servants, forming a kind of permanent establishment and consists of about 300 "Shirbandis" (Kaliparaj men) headed by village Police Patels. They hold land free, on service tenure, and co-operate with the regular police whenever their services are required.

18. **Working of the Police.**—Appendix V contains particulars regarding this. In all 100 cognizable offences were reported, the number being the same as in the preceding year.

19. **Stolen Property.**—Details regarding this are shown in Appendix VI.

20. **Criminal Justice.**—The 5 Courts exercising Criminal Jurisdiction are: (1) The Huzur Court, (2) The Dewan's Court, (3) The Nyayadhish's Court, (4) The Revenue Officer's Court and (5) the Behej Honorary Magistrate's Court. In addition to these 3 of the Thandars and the Revenue Shirastedar are also invested with Third Class Magisterial powers.

21. **Crime.**—Appendices VII to IX contain details regarding the work done by the Criminal Courts during the year under report.

It will be seen from the appendices that the number of crimes this year was 156 against 164 the previous year, and the percentage of convictions was 20 against 24 the preceding year.

Out of 62 convicted, 6 were sentenced with imprisonment for more than one year and 27 for less than a year, 22 were fined, 4 were punished with whipping and 3 were released on probation of good conduct, under Section 562 of the Criminal Procedure Code. The total amount of fines imposed was Rs. 461, out of which Rs. 224 have been recovered.

22. **Criminal Appeals.**—Details regarding these are shown in Appendix IX.

23. There was no case of infanticide or highway robbery during the year under report.

24. **Accidental Deaths.**—The number of such deaths was 58 against 75 last year, most of them being due to snake bites.

25. **Fires.**—No fire worth noticing broke out during the year under report.

26. **Civil Justice.**—Details regarding this are shown in Appendix X. In all there were 56 suits filed during the year, against 77 the preceding year.

27. **Execution of Decrees.**—Inclusive of last year's 8 applications for execution of decrees, the total number of applications was 45, out of which 37 were disposed of during the year, and 8 awaited disposal at the end of the year.

28. **Civil Appeals.**—Details regarding Civil Appeals are shown in Appendix XII.

29. **Extradition.**—The details are as follows :—

(*a*) 1 Offender was extradited from Borsad of Kaira District.
1 Offender was extradited from Bansda.
1 Offender was extradited from Mahua of Baroda.

3

All these were extradited through the Collector and Political Agent, Surat.

(*b*) 1 Offender was surrendered to the 2nd Class Magistrate of Umargaon of Thana District.

(*c*) All the abovementioned accused were convicted.

30. **Direct Service of Summonses in Criminal Cases.**—During the year under report, 3 summonses were received from the British District Magistrates for service here. The system of direct service, besides effecting a considerable saving of time, has continued to be effective and satisfactory.

31. **Prison.**—There is only one Jail in the town of Dharampur. It consists of a suitable 'pucca' building with side rooms for under-trial prisoners.

Appendix XIII contains details regarding the number of prisoners, average attendance, etc.

Most of the prisoners are employed on out-door labour, such as road repairs, etc. The indoor-work chiefly consists of weaving ropes and cotton tapes, and sawing timber.

During the year the health of the prisoners was fairly good.

The State Nyayadhish is Superintendent of the Jail. The Dewan and the Naib Dewan are appointed visitors who visit the Jail from time to time and suggest improvements wherever necessary.

Mr. F. G. H. Anderson, Collector and Political Agent, Surat, who visited the Jail in November last, has remarked in the Visitors' book as follows :—

"Visited.—All is clean and in good order. In-door work is provided in certain cases."

32. **Registration.**—This work is done in the Dewan Office, no extra cost being incurred on that account. 52 documents of the value of Rs. 22,460 were registered during the year, against 90 of the value of Rs. 63,829 the previous year. The receipts under this head amounted to Rs. 94 against Rs. 153 the previous year.

For the most part, the documents related to sale-deed and mortgage transactions.

33. **Municipality.**—There is a Municipality for the town of Dharampur only. It looks after the sanitation and cleanliness of the town, the lighting and watering of town streets and checks encroachments, public nuisance, etc.

The total cost, under this head, amounted to Rs. 7,546, against Rs. 6,024 the previous year.

CHAPTER **IV**.

Production and Distribution.

34. **Season.**—The monsoon set in about the first week of June 1913, and it continued to rain at intervals till the end of September 1913. On the whole it may be said that it was a fairly good year.

In the commencement of April 1914, there was an out-break of plague, the details whereof are given below under the heading "Plague."

Malaria, dyspepsia, bronchitis, pneumonia, etc., have had their usual course.

The thermometer readings were as follows :—

	Maximum.	Minimum.
Last year	104° F. H.	57° F. H.
Present year	106° F. H.	58° F. H.

35. **Rainfall.**—The total rainfall was 90 inches and 14 cents, against 105 inches and 4 cents the preceding year.

36. The average crop proved to be twelve annas in the rupee.

37. **Wages and Labour: Prices of Food-grains.**—In consequence of increased demand for labour, the rates of wages are going up, the rates varying from 3 annas to annas 4 and during certain seasons to 4 or 5 annas even.

The labouring classes find sufficient work in the shape of cutting State forests and constructing buildings both public and private. To this may be added field work in the season.

Prices of food stuffs continued to be almost the same as in the preceding year, as may be seen from Appendix XVIII.

38. **Forests.**—The reserved area and protected area continued to be the same as in the previous year, *viz.* :—

	Acres.	Gunthas.
Reserved area	90,857	20
Protected area	60,355	4

The number of blocks of reserved forest was 158 against 160 of the previous year.

There were 89 forest offences, against 88 in the preceding year. The amount of forest fines recovered was Rs. 194-13-9, against Rs. 364-3-0 the previous year.

39. **Fires.**—There were no out-breaks of forest fires worth mentioning during the year under report.

40. **Forest Roads.**—Due steps are being taken for the improvement of these roads, the total amount spent thereon during the year being Rs. 340.

41. **Forest Revenue.**—This amounted to Rs. 2,50,302 against Rs. 2,75,894 showing a decrease of Rs. 25,592.

42. **Trade and Manufacture.**—The chief trade of the State consists in the exportation of different kinds of grain, such as Rice, Nagli, Jowar, Kodra, and Tuver (a kind of pulse), Timroo leaves for 'Biris' and Mhowra fruit. There is also a rice mill started a few years back and it is doing well. It serves one of the public wants here.

The chief manufactures of the State consist of baskets and screens of bamboos, mats of palm leaves, and so forth.

43. **Quarries.**—No quarry work is carried on in the State.

44. **Public Works.**—The total expenditure under the head aggregated Rs. 94,172, against Rs. 47,071 in the preceding year. The details are as follows :—

		Rs.
1.	Original Works :—	
	(*a*) Vahial Bungalow	5,000
	(*b*) Do. Out-houses	9,125
	(*c*) Site for two new State buildings with old superstructure	13,000
	(*d*) Bridge at Jogvel on the Chival Huda road	6,898
	(*e*) Payment of old bills in connection with distillery buildings	30,916
	Total Rs.	64,939
2.	Repairs.—	
	(*a*) Buildings—Police, Revenue and other State Offices, Dispensary, District Uttaras, School buildings, Dharamshala and other Durbari Buildings and petty repairs...	16,054
	(*b*) Roads—Dharampur-Bulsar road, Dharampur-Bansda road Via Asura, Dharampur-Nanapondha road, and other roads (including the survey of Dharampur-Rumla road named Mohandevji road) and Jungle roads	9,746
	Total ...	25,800
3.	Establishment Charges	3,433
	Grand Total ...	94,172

45. **Relief-Works Programme.**—A proper relief-works programme to be resorted to in case of emergency has been maintained.

46. **Irrigation.**—No irrigation works are carried on here.

47. **Post and Telegraph Office.**—There is a combined Post and Telegraph Office in the town of Dharampur.

48. **Bulsar-Dharampur Railway.**—As mentioned in the last year's report the Survey of the Bulsar-Dharampur road for the proposed railway has been completed through the agency of Messrs. Killick Nixon & Co., Bombay, and their final report has just been out and it is hoped that the work of constructing the line will be commenced soon.

49. **Mint.**—There is no mint here.

50. **Condition of the People.**—The condition of the people during the year under report was fairly good on the whole. The bulk of the population consists of Kaliparaj people who are showing signs of improvement along with the march of times. The Durbar affords them assistance in the shape of a free supply of timber for building purposes and loans on easy terms for sinking wells, buying seed grains, etc.

The Ujaliats, who form the rest of the population, are for the most part money-lenders and agriculturists and comparatively speaking are better off than the Kaliparaj people.

Artisan classes—such as carpenters, blacksmiths, etc., are much in demand and they are doing well in their business.

Owing to a general rise in the prices of food-stuffs, the trading classes as also the cultivating ones are materially benefited and their condition is improving.

Most of the Mahomedans are in the service of the State. A few of them are also cultivators. They, too, are improving in their condition.

The number of Parsis in the State is very small. They are either liquor shop-keepers or agriculturists and most of them are in easy and affluent circumstances.

CHAPTER V.

Revenue and Finance.

51. **Revenue.**—As mentioned in the last year's report the Revenue of the State has been steadily and satisfactorily increasing.

The following table contains figures showing the total collections under each of the different heads for the year as also for the previous year :—

Heads.	1912-13.	1913-14.	Remarks.
	Rs.	Rs.	
Land Revenue	2,40,824	2,43,684	
Abkari	1,59,816	3,95,423	
Forests	2,75,894	2,50,302	
Miscellaneous	14,677	13,379	
Total ...	6,91,211	9,02,788	

The rise in Abkari Revenue for the year under report is due to the fact that under the Abkari Ijara the minimum amount realized was Rs. 2,70,001. To this may be added the over-duty amounting to Rs. 1,04,998 recovered under the previous Ijara which ended on 5th July 1913.

The decrease in the Forest Revenue is due to a smaller number of jungles being disposed of than in the previous year. The total revenue, however, during the year under all the heads together was Rs. 9,02,788, showing an increase of Rs. 2,11,577.

52. **Chowth Jakat.**—The receipts under this head amounted to Rs. 7,837, against Rs. 7,933 the previous year, showing a decrease of Rs. 96.

53. **Abkari and Opium.**—The three distilleries at Mandva, Fatehpur, and Dharampur respectively continue as heretofore. The Abkari work is conducted on the minimum guaranteed system, the yearly minimum amount being fixed at Rs. 2,70,001, against the previous minimum at Rs. 1,40,001, per year, under a fresh agreement entered into for 5 years with the previous Ijardar, Messrs. Muncherji and Ruttanji Tata, commencing from 6th July 1913. Thus, by the fresh contract there is an annual increase of Rs. 1,30,000, in the Abkari Revenue of the State.

Comparative figures for the consumption of liquor are :—

Year.	25° U. P.	60° U. P.
	Gallons.	Gallons.
1912-13	18,720	3,21,808
1913-14	18,516	3,12,006

The Opium Ijara fetched only Rs. 71 against Rs. 70 last year, the total quantity consumed being 61 seers and 34½ tolas, against 70 seers and 30¾ tolas the preceding year. This shows that the consumption of this drug is falling off considerably in the State.

In order to guard against Abkari Offences proper and sufficient establishment has been maintained by the State as also by the Abkari Ijardar. During the year under report, the number of Abkari offences was 16, against 14 the preceding year.

54. **Receipts and Disbursements.**—Details regarding these are as follows :—

I. Receipts.—

		Rs.
(*a*)	Opening balance	5,651
(*b*)	Total receipts under the different heads of revenue ...	9,02,788
	Total ...	9,08,439

II. Disbursements—

		Rs.
(*a*)	Expenditure on staff and other charges	4,98,838
(*b*)	Debts—	
	(1) Payment of principal	1,89,450
	(2) Do. interest	67,582
	(3) Do. old bills	1,40,592
(*c*)	Advances to merchants	3,657
(*d*)	Closing balance	8,320
	Total Rs. ...	9,08,439

As to II (*a*) the total expenditure during the year under report aggregated Rs. 4,98,838 against Rs. 4,31,627 the preceding year, showing an increase of Rs. 67,211.

This increase is chiefly due to the following causes :—

(1) Payment of old bills in connection with distillery buildings.
(2) Purchase of a site with old superstructure for two new buildings.
(3) Survey of Dharampur-Rumla Road (Mohandevji road).
(4) Construction of a bridge at Jogvel on the Chival-Huda road.
(5) Road repairs.
(6) Repairs to Uttaras, the town Dispensary, etc.
(7) Opening of two additional Village Dispensaries and five Village Schools.
(8) General improvement in the staff of State schools by engaging qualified teachers on higher salaries.
(9) The adoption of preventive measures against plague as detailed in para. 59.

As regards (3) it may be mentioned that at the time of commencing the survey of the Dharampur-Rumla road I presided over a gathering that was held at Rumla on 29th January 1914 and which was organized by the inhabitants of Rumla, and where I had the pleasure of turning the first sod of the proposed road. The survey of this road has already been commenced and the work of constructing the road will be taken in hand during the next fair season. This road when completed will afford easy access through the State to several important places in the Chikhli Taluka.

With regard to (4) a bridge has been constructed at an out-lay of Rs. 6,898, in the Jogvel village, on the Chival-Huda road which was surveyed last year.

As regards II (*b*) ' Debts,' it may be mentioned that, at the commencement of the year, the total debts (exclusive of arrears of old bills) amounted to Rs. 1,89,450, but I am glad to observe that the whole of this amount has been paid off. This includes the amount due to my brother Bhai Shri Prabhatdevji and which was deposited with the State some years back by way of loan at

4 per cent. interest. What remains now to be paid is the arrears of some old bills. These are being checked and scrutinized carefully, and it is hoped that all these bills would be paid off, as early as possible.

CHAPTER VI.

Vital Statistics.

55. There were two dispensaries in the State before, one the Jubilee Charitable Dispensary and the other the Travelling Dispensary, the latter being meant more especially for the Kaliparaj people residing in villages. During the year under report, in order to afford greater medical relief to the Kaliparaj ryots, two more dispensaries have been opened at Rumla and Balchondi respectively.

The Medical Department is in charge of Dr. Pardiwalla, a Medical graduate of the Bombay University, and there is also his assistant Dr. Kotwal, L.M.& S., working under him.

Mr. F. G. H. Anderson, Collector and Political Agent, Surat, visited the Jubilee Charitable Dispensary, and his remarks in the Visitors' Book about this institution are as follows : ". . . . . there has been a great addition to the aseptic apparatus and the operating room is very creditably equipped. The whole institution is very remarkably clean and well-kept. "

Most of the indoor patients treated in the Jubilee Charitable Dispensary were Kaliparaj people.

56. **Leper Asylum.**—There were 37 inmates at the beginning of the year. To these 5 were added during the year. Of these 4 died. Thus at the end of the year there were 38 remnants left.

The daily average attendance in the Asylum was 36·3 against 32·9 the preceding year.

The total expenditure under this head amounted to Rs. 1,714 against Rs. 1,664 the preceding year.

Statement XXIII contains details regarding all the abovenamed institutions.

57. **Births and Deaths.**—Details in respect of births and deaths are shown in Appendix XXIV.

In order to ensure correct registration of births and deaths, as far as possible, proper steps are taken. Registers regarding these are regularly kept by Talatis and checked by the Revenue Officer and the birth registers are further scrutinized by the Vaccination Department.

58. **Vaccination.**—This work is entrusted to a special staff which consists of 4 Vaccinators and one Inspector who work under the direct control and supervision of the Chief Medical Officer of the State in his capacity as Superintendent of Vaccination.

Particulars in respect of vaccination and re-vaccination are shown in Appendix XXV.

59. **Plague.**—About the beginning of April 1914, rat mortality commenced. Prompt measures such as rat destruction, inoculation, disinfection, evacuation, etc., were immediately resorted to, and in order to encourage and facilitate wholesale evacuation, people were supplied with 'palas' (Bamboo screens), bamboos, rafters, and other requisite accessories for constructing temporary sheds, and in this way what at one time threatened to be a serious epidemic was brought under control. In respect of inoculation, by way of inducement, one rupee per head was offered to those who went in for inoculation and 1,534 persons got themselves inoculated. Dr. Kotwal, L.M.& S., Assistant Medical Officer of the State, did the work of inoculation and I am glad to say that out of 1,534 persons inoculated only one suffered from plague and succumbed to it. In the opinion of Dr. Kotwal this death was due to the fact that soon after inoculation the man got a severe attack of diarrhœa which weakened his system and so he could not withstand the attack of plague.

There were 18 attacks of plague, out of whom 10 proved fatal. The epidemic broke out in the first week of April 1914, and has almost disappeared now, though there were a few stray cases at the close of the year.

On account of plague my camp is at Nani-Vahiał—one of the State villages.

CHAPTER VII.

Education.

60. Including the Maharana Shri Mohandevji High School there are 26 schools against 21 the preceding year, 5 more schools being added during the year.

61. 7 boys appeared from the State High School at the last Matriculation Examination and I am glad to say that all of them passed the examination.

Mr. Anderson's remarks about the High School are as follows:—

"The organisation and teaching staff have improved and the whole school seems to be doing well." About the Girls' school he remarks that "the school is excellent and always bright and happy. The mistresses and masters deserve every praise for the good work both in book-work and in character and behaviour of the girls."

As usual the Inspecting Officer of Government visited all the State schools, excepting the High School, and about these schools the Educational Inspector, N. D., writes as follows:—

"The Educational Inspector is glad to note that the schools are making steady progress and that encouragement is given by the State to promote education. He is also pleased to learn that 5 new schools were opened during the last year and that the numbers of Kaliparaj boys and girls have increased from 501 and 9 to 591 and 12 respectively."

All these remarks testify to the healthy growth and onward progress attained by the State during the year under report in the cause of education which is imparted free in all the State schools.

Appendix XXVI contains details regarding the number, attendance, etc., of the pupils in the State schools.

The monthly average attendance for all the schools together was 795·5 against 645·6 the preceding year. Thus in point of number, attendance, etc., there has been satisfactory improvement.

The total expenditure on Education was Rs. 15,010, against Rs. 12,756 the previous year.

The results of the last Annual Examinations are as follows :—

	Number examined.	Number passed.	Percentage
Village schools...	415	307	73
Town schools	443	240	54

As a rule, the village schools are provided with Kaliparaj teachers and properly trained and qualified teachers are being employed in town and village schools.

Kaliparaj and other poor but deserving students are supplied by the State with books and other school requisites, free of charge, and prizes are also awarded for attendance and general proficiency.

62. **Physical Education.**—Due attention is paid to the physical training of the boys. A gymnasium is attached to the High School for the use of the boys and a qualified Drill Master is engaged for teaching drill. Arrangement is also made for Cricket, Football, etc.

CHAPTER **VIII.**

Miscellaneous.

63. **Printing Press.**—The State is provided with a Printing Press where all the necessary forms, stamps, etc., are printed. There is also a lithographic press where survey maps, etc., are lithographed.

64. **Library.**—The Maharana Shri Narandevji Library contains a stock of useful and interesting books. It also subscribes for certain magazines, periodicals, newspapers, etc. The library is open to subscribers, and students of the upper classes of the High School are also allowed to make use of the library, free of charge, and many boys take advantage of the concession.

It is maintained by an annual grant of Rs. 200 from the State in addition to subscriptions from members.

Including the last year's balance, the total receipts amounted to Rs. 455-12-11, out of which Rs. 340-3-6 were spent on establishment charges, purchase of new books, etc., leaving a balance of Rs. 115-9-5 at the end of the year.

65. **Record-Room.**—The State records are kept in this room.

66. **Wild Animals.**—Tigers, panthers, leopards, etc., are found in the State jungles. During the year under report, no European Shikaree came here for Shikar, excepting Mr. Campbell of the Bank of Bombay who succeeded in bagging a panther.

67. **Fairs.**—The fair at Fatehpur—one of the State villages—is held annually in honour of Bhairavnath (one of the Indian deities). For the most part it is attended by Kaliparaj people.

68. **Jurisdiction.**—The Jahagirdar of Behej continues to hold the magisterial powers conferred on him by the Durbar.

69. **Delhi Durbar Anniversary Day.**—In honour of this occasion, the 12th of December 1913 was duly observed as a holiday. A Royal salute of 31 guns was fired. All the public offices and schools were closed and sweets were distributed amongst the boys and girls of the schools. There was also a general parade of the Huzur Palace guards and that of the Police in the Durbar compound.

70. **Birthday of His Most Gracious Majesty The King-Emperor.**—This auspicious Day, 22nd June 1914, was duly observed as a public holiday, and a day of rejoicing and in honour of the occasion a Royal salute of 31 guns was fired.

71. **Conclusion.**—From the above it will be seen that the total income of the State from all its sources of revenue has increased by Rs. 2,11,577 as compared with the last year's figure. Along with this increase in revenue there has been a steady and substantial growth in the prosperity and advancement of the people. Public Works of utility, as mentioned in para 54., have been completed and if the Dharampur-Bulsar railway scheme referred to above becomes a *fait accompli* the future of the State promises to be still more bright and satisfactory.

In conclusion, I have to express my deep sense of gratitude to Government and the Collector and Political Agent, Surat, for the uniformly kind and friendly advice and cordial support I have received from them from time to time, and I earnestly hope that the same kind of advice and support will be accorded to me hereafter. I have also to express my hearty appreciation of the very valuable and excellent work done by my Dewan Mr. S. G. Jayakar during the year under report.

I am

Your sincere friend,

MAHARANA SHRI MOHANDEVJI RANA,

Raja Saheb of Dharampur State.

APPENDICES.

APPENDIX I.

List of High Officials in the Dharampur State, showing changes in the personnel during the year 1913-14.

From

MAHARANA SHRI MOHANDEVJI RANA,
RAJA SAHEB OF DHARAMPUR STATE.

To

W. F. HUDSON, Esq., I.C.S.,
COLLECTOR AND POLITICAL AGENT, SURAT.

DHARAMPUR (CAMP NANI VAHIAL),
7th September 1915.

MY FRIEND,

I have the honour to forward the Annual Administration Report of my State for the year ending 30th June 1915.

CHAPTER I.

2. **Area and Population.**—The area of the State is 704 square miles, and its population is 114,995 (58,589 males and 56,406 females).

3. **Revenue.**—The average annual gross revenue of the State (based on the last five years) is Rs. 7,28,831 against Rs. 7,00,535 the preceding year showing an increase of Rs. 28,296.

4. **Chowth Jakat.**—Under an agreement, dated 6th April 1870, a sum of Rs. 9,000 is annually paid to the British Government in place of Chowth Jakat formerly levied by them.

5. **Political Relations.**—The relations of the State with the British Government and the adjacent Native States continue to be cordial and satisfactory as heretofore. The slight boundary dispute (referred to in the last year's report) with the Portuguese Government will, it is hoped, be soon settled satisfactorily.

6. **Visits.**—No visit was paid to the State during the year by any high official or other personage of distinction.

7. **Name, Title, &c.**—My full name is Maharana Shri Mohandevji Narandevji Rana and my age is 52. I belong to the Sisodia Rajput caste (Solar Dynasty). Kumar Shri Vijaydevji and Kumar Shri Narsinhdevji are my two sons by my only Raniji of Virpur (Kathiawar).

8. **Domestic Occurrences of interest in the Raja Saheb's family.**—The only incident of importance that occurred in my family during the year under report is the sad and premature death of my niece Baiji Lal (daughter of my late brother Bhai Shri Baldevji) at the age of 16.

9. **Journey.**—During the year under report I visited several parts of my State in order to ascertain the condition of my ryots and to know their wants. I also visited the Collector and Political Agent, Surat, on several occasions. In like manner I paid a visit to the Hon'ble Mr. Hill, Member of Council, in April last in Bombay, prior to his going to Delhi to join his new appointment under the Government of India. I also paid a private visit to H. E. the Governor in Bombay on 30th June 1915.

10. **Changes in the Administration.**—The only change worth noticing that occurred in the personnel of the Administration is the retirement on pension, from 1st July 1914, of my Personal Assistant Mr. Kapurchand Gopalji on account of age and ill-health, he having served the State in different capacities for a period extending over upwards of thirty years.

CHAPTER II.

Administration of Land.

11. **General.**—The whole of the State has been surveyed, and its total area comes to 449,756 acres and 27 gunthas. The assessment rates continue to be fair and reasonable as before, the amount remitted being Rs. 445 against Rs. 553 the preceding year.

12. The following table contains figures showing the area of waste land and that of land under cultivation during the year under report and the preceding year :—

Year.	Culturable.				Kharaba.		Total.	
	Under Cultivation.		Waste.					
	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.	Acres.	Gunthas.
1913-14 ...	132,117	4	137,586	28	100,881	14	370,585	6
1914-15 ...	128,304	4	137,093	2	100,590	33	365,987	39

13. **Agriculture.**—Out of the total area under cultivation 110,166 acres and 17 gunthas were under dry crops at the end of the year and the remaining 18,137 acres and 27 gunthas under rice crop.

14. **Government Wards' Estate.**—No such estate exists under State management.

CHAPTER **III.**

Protection.

15. **Civil and Criminal Work.**—The Civil and Criminal work of the State is carried on according to the spirit of the British laws with such modifications as are necessitated by the condition of the people and the traditions (the "Rivaj") of the State.

16. **Military Force.**—No such force exists here.

17. **Police Force.**—The total strength of the police consists of 142 men. The details are as follows :—

1	Police Superintendent.
1	Fouzdar.
113	Foot Police.
10	Mounted Police.
17	Police Bandmen.
Total ...	142

The cost incurred in respect of the Police force amounted to Rs. 21,925 against Rs. 22,155 the previous year, showing a decrease of Rs. 230.

Out of the entire Police force 79 are able to read and write.

The proportion of Police to population and area is 1·2 per mille and 20·1 per 100 square miles respectively.

Besides the regular Police force there are 84 Huzur Palace guards and 30 Arabs who guard the Durbar Palaces, the State Treasury, the Jamdar-khana and the Zenana. They also assist the regular Police when an emergency arises.

18. **Village Police.**—About 300 "Shirbandhis" (Kaliparaj people) headed by village Police Patels constitute this force. They hold land free on service tenure and co-operate with the regular Police whenever their services are required.

19. **Working of the Police.**—Appendix V contains particulars regarding this.

During the year 132 cognisable offences were reported against 100 the previous year.

20. **Stolen Property.**—Appendix VI contains details regarding this.

21. **Criminal Justice.**—The five Criminal Courts are : (1) the Huzur Court, (2) the Dewan's Court, (3) the Nyayadhish's Court, (4) the Revenue Officer's Court and (5) the Behej Honorary Magistrate's Court. Besides these, the Revenue Shirastedar and three Thanedars are also invested with Third Class Magisterial powers.

22. **Crime.**—Appendices VII to IX contain details regarding the work done by the Criminal Courts during the year under review.

The number of crimes this year was 225 against 156 the preceding year, the percentage of convictions being 25 against 20 the previous year.

Out of 102 convicted, 18 were imprisoned for more than one year, and 38 for less than a year, 40 were fined, 4 punished with whipping, and 2 were released on probation of good conduct.

The total amount of fines was Rs. 619 out of which Rs. 432 were recovered.

23. **Criminal Appeals.**—Details regarding these are contained in Appendix IX.

24. **Direct Service of Summonses in Criminal Cases.**—During the year 3 summonses were received direct from the British District Magistrates for service here, and 29 were sent to them from Dharampur. The system of direct service is found to be effective and satisfactory. It also effects considerable saving of time.

25. **Infanticide and Highway Robbery.**—During the year there were no cases of infanticide or highway robbery.

26. **Accidental Deaths.**—There were 56 accidental deaths against 58 the previous year, most of them being due to snake bites.

27. **Fires.**—No fires worth noticing broke out during the year under report.

28. **Civil Justice.**—Appendix X contains details regarding this. 92 suits were filed during the year against 56 the previous year.

29. **Execution of Decrees.**—Inclusive of last year's 8 remnants, the total number of applications for execution of decrees was 38, out of which 29 were disposed of during the year and 9 awaited disposal at the close of the year.

30. **Civil Appeals.**—Appendix XII contains details regarding this.

31. **Extradition.**—The details are as follows :—

9 offenders were extradited from British District Magistrates.	
4 offenders were surrendered to the British District Magistrates.	
1 offender was surrendered to the 2nd Class Magistrate at Gandevi of Baroda.	
Total ...	14

All these were extradited through the Collector and Political Agent, Surat, and they were all convicted.

32. **Prison.**—There is a 'pucca' built Jail building here with two side rooms for under-trial prisoners.

Appendix XIII contains details regarding the number of prisoners, their average attendance, etc.

For the most part the prisoners are employed on road repairs. Occasionally also they weave ropes and cotton tapes, and likewise saw timber.

The health of the prisoners was satisfactory throughout the year.

The Superintendent of the Jail is the State Nyayadhish. The Dewan and the Naib Dewan are appointed visitors of the Jail. They visit it from time to time and see that everything is in proper order.

33. **Registration.**—51 documents of the value of Rs. 43,039-4-0 were registered during the year against 52 of the value of Rs. 22,460 the preceding year. The fees realized amounted to Rs. 101-12-0 against Rs. 94-12-0 the previous year.

Most of the documents presented for registration related to sale and mortgage transactions.

Cost of Registration.—The work of registration is done in the Dewan Office, no special cost being incurred on that account.

34. **Municipality.**—There is a Municipality in the town of Dharampur only. It looks after the cleanliness and sanitation of the town, the lighting and watering of town streets and checks encroachments, public nuisance, etc.

The whole of the Municipal expenditure is borne by the State, no Municipal taxes being levied from the people.

The total expenditure under this head aggregated Rs. 6,852 against Rs. 7,546 the previous year.

CHAPTER **IV**.

Production and Distribution.

35. **Season.**—The past was a fairly good season all round, though it was somewhat marred by the absence of rain just at its close. The monsoon set in about the beginning of June 1914, and it continued raining with occasional breaks till September 1914.

Malaria, dyspepsia, dysentery, etc., have had their usual course, but none of them were in an epidemic form. In addition to these there were eight cases of cholera in October 1914 in the surrounding villages of the town, but by having recourse to proper measures it soon disappeared.

The thermometer readings were as follows :—

	Maximum.	Minimum.
Last year	106° F. H.	58° F. H.
Present year	102° F. H.	60° F. H.

36. **Rainfall.**—The fall of rain was as follows :—

	Inches.	Cents.
Last year	90	14
Present year	108	36

37. **Crops.**—The average yield of crops was As. 12. It would have been still more satisfactory but for the partial failure of the rains at the end of the season.

38. **Wages and Labour : Prices of Food-grains.**—Owing to increased demand for labour all round, the rates of wages are going up, the rates varying from As. 3 to As. 4 and somewhat even higher than that.

Forest cuttings, the construction of buildings belonging to the State, as also to private individuals, and similar other works, afford ample scope for employment to the labouring classes. They have also field work in the season available to them.

The prices of food-stuffs continued to be almost the same as in the preceding year with slight variations as may be seen from Appendix XVIII.

39. **Forests.**—Details regarding the area of protected forests, &c., are as follows :—

	Last year. Acres.	Gunthas.	Present year. Acres.	Gunthas.
Reserved area	90,857	20	Same as last year.	
Protected area	60,355	4		

The number of blocks of reserved forest was 160 against 158 the previous year.

There were 325 breaches of forest rules against 89 the preceding year. Forest fines amounted to Rs. 943-12-8 against Rs. 194-13-9 the previous year.

40. **Fires.**—No forest fires worth mentioning broke out during the year under report.

41. **Forest Roads.**—Proper steps are being taken to improve forest roads with a view to facilitate communication.

42. **Forest Revenue.**—The revenue realized by the sale of timber, bamboos, etc., amounted to Rs. 1,98,991 against Rs. 2,50,302 the previous year.

43. **Trade and Manufacture.**—The chief trade of the State consists in the exportation of various kinds of grain, such as Rice, Nagli, Jowar, Tuver, etc., as also 'Timroo' and 'Assindra' leaves for country 'Biris' and Mhowra fruit for extracting oil.

There is also a rice-mill here worked by a private Company, and it is going on satisfactorily.

The principal manufactures of the State are the making of bamboo baskets, screens and mats of palm leaves.

44. **Quarries.**—No quarry work is carried on in the State.

45. **Public Works.**—During the year under report the expenditure under this head amounted to Rs. 1,06,122 against Rs. 94,172 the previous year. In addition to this Rs. 10,000 have been set apart for a building for my younger Kumar Shri Narsinhdevji. The details of the cost incurred under this head are given in Statement XIX.

46. **Relief-Works Programme.**—A proper relief works programme, to be resorted to in case of emergency has been provided for.

47. **Irrigation.**—No irrigation works exist in this State.

48. **Post and Telegraph Office.**—There is a combined Post and Telegraph Office in the town of Dharampur only.

49. **Mint.**—There is no Mint in the State.

50. **Bulsar-Dharampur Railway.**—Negotiations are still going on with Messrs. Killick Nixon & Co., Bombay, in respect of this line, and it is hoped that the project will soon be realized.

51. **Condition of the People.**—The bulk of the population consists of the Kaliparaj people whose modes of life are very plain and simple, most of them being cultivators. Being of migratory habits any—the slightest—cause is enough to induce them to shift from one place to another. It is noticeable, however, that many of them, by coming in contact with more civilized classes of people, are now gradually emerging from their primitive condition and are showing signs of improvement. To save them from falling into the clutches of the 'Sowkars,' the State affords them pecuniary and other kinds of assistance, in the shape of money loans on easy terms, for sinking wells, buying agricultural implements, purchasing seeds, &c., and also free distribution of timber for building huts, &c. To impart education to their children schools are opened in different parts of the State where no fees are levied and where the pupils are supplied with books and other school requisites free of charges. By way of encouragement some of the qualified Kaliparaj men are employed in State service as village school teachers and vaccinators, &c. In short, due steps are being taken by the State to ameliorate the condition of the Kaliparaj people in general.

The 'Ujaliats', who form a minority, consist of the Rajputs, Brahmins, Kayasts, &c. Comparatively speaking, they are better off than the Kaliparaj ryots. Most of the Ujaliats are money-lenders, traders, shop-keepers, &c., some of them being also in State service and some also as agriculturists.

Most of the Mahomedans are in State service, a few of them being also cultivators. Their condition, too, is gradually improving. It is gratifying to observe that many Mahomedan parents in this State have commenced to appreciate the benefits of education, and they are now trying to send their boys and girls to school to receive education.

There are very few Parsis in the State. Most of them are liquor shop-keepers and some are also large cultivators. Looking to their present condition they seem to be in easy and affluent circumstances.

The trading and artisan classes are having a good time of it all round, the former on account of general rise in the prices of food-stuffs and other commodities and the latter on account of increased demand for skilled labour at enhanced rates of wages.

CHAPTER V.

Revenue and Finance.

52. The gross revenue amounted during the year to Rs. 7,41,390 against Rs. 9,02,788 the previous year.

The following are the principal sources of revenue :—

Heads.	1913-14.	1914-15.	Remarks.
	Rs.	Rs.	
Land Revenue	2,43,684	2,34,082	
Abkari	3,95,423	2,92,580	
Forests	2,50,302	1,98,991	
Miscellaneous	13,379	15,737	
Total ...	9,02,788	7,41,390	

The decrease in the land revenue collected for 1914-15 is due to the fact that the village of Rumla, the annual revenue of which is about Rs. 10,000 and which was assigned some years back to my younger Kumar Shri Narsinhdevji for his maintenance, was handed over to the Kumar for direct management during the year under review.

The large rise in the Abkari revenue for the year 1913-14 was, as mentioned in last year's report, due to the addition of over-duty amounting to Rs. 1,04,998 which was recovered under the previous Abkari agreement which ended on 5th July 1913.

The decrease in the Forest Revenue is due to a smaller number of jungles being sold off this year than in the previous year.

53. **Chowth Jakat.**—The receipts under this head aggregated Rs. 9,455 against Rs. 7,837 the previous year showing an increase of Rs. 1,618.

54. **Abkari and Opium.**—There are three distilleries in the State at Fatehpur, Mandva and Dharampur respectively where liquor is distilled and issued to the shop-keepers. The Abkari farm given to Messrs. Muncherji and Ruttanji Tata under a five years' agreement which commenced from 6th July 1913 has been continued to them for a yearly minimum sum of Rs. 2,70,001 against the previous yearly minimum under the old agreement at Rs. 1,40,001. This minimum includes duty, rent for distillery buildings, &c.

The following figures show the consumption of liquor during the year under report as compared with the previous two years' consumption :—

Year.	25° U. P.	60° U. P.
	Gallons.	Gallons.
1912-13	18,720	3,21,808
1913-14	18,516	3,12,006
1914-15	18,541	3,18,585

The Opium Ijara fetched only Rs. 68 against Rs. 71 the previous year, the total quantity of opium consumed being 65 seers and $3\frac{1}{2}$ tolas against 61 seers and $34\frac{1}{2}$ tolas the previous year.

Sufficient establishment has been engaged by the State as also by the Abkari Ijardar to prevent illicit distillation, smuggling and other Abkari offences.

The number of Abkari offences during the year was 26 against 16 the previous year.

55. **Receipts and Disbursements.**—The following are the details :—

I. Receipts.—

		Rs.
(*a*)	Opening balance	8,320
(*b*)	Total receipts under different heads of revenue	7,41,390
(*c*)	Advances recovered to adjust old bills	35,816
	Total ...	7,85,526

II. Disbursements—

		Rs.
(*a*)	Expenditure on staff and other charges	6,04,230
(*b*)	Payment of old bills	1,70,790
(*c*)	Closing balance	10,506
	Total Rs. ...	7,85,526

56. **Local Funds.**—No local fund cess is levied in this State.

CHAPTER **VI.**

Vital Statistics.

57. **Dispensaries.**—The State had only two dispensaries before, one, the Jubilee Charitable Dispensary in the town, and the other, the Travelling Dispensary, the latter being specially meant for the Kaliparaj ryots residing in the surrounding villages. But, in order to afford greater medical relief to Kaliparaj people, two more dispensaries were opened last year : one at Rumla (this being during the year removed to Godthal) and the other at Balchondy (the State villages), and they are being largely availed of by Kaliparaj patients for whom they are chiefly intended.

The Medical Department is entrusted to a qualified Medical Officer of long standing and experience.

Most of the indoor patients treated in the Jubilee Charitable Dispensary were Kaliparaj people.

58. **Leper Asylum.**—At the beginning of the year there were 38 inmates. During the year under report 5 were added, 2 left the Asylum and 4 died. Thus, at the end of the year, the number of inmates in the Asylum was 37.

The daily average attendance in the Leper Asylum was 35·8 against 36·3 the preceding year.

The total expenditure in respect of the Asylum amounted to Rs. 1,716 against Rs. 1,714 the previous year.

Particulars regarding all the above-named institutions are given in Appendix XXIII.

59. **Births and Deaths.**—Due steps are taken for the correct registration of births and deaths. The Talatis keep regular registers which are checked by the Revenue Officer from time to time, and they are further scrutinized by the Vaccination Department.

Details regarding births and deaths are given in Appendix XXIV.

60. **Vaccination.**—This work is carried on by a special staff engaged for the purpose. It consists of four Vaccinators and one Inspector—all working under the direct control and supervision of the Superintendent of Vaccination who is also the Chief Medical Officer of the State.

Particulars regarding the vaccination and re-vaccination work performed in the State during the year under report are given in Appendix XXV.

61. **Plague.**—As mentioned in the last year's report, the epidemic broke out in the first week of April 1914, but, owing to prompt measures taken at the time, it almost disappeared at the end of June 1914. Unfortunately, however, with the commencement of the monsoon, there was a recrudescence of it and it continued from July to October 1914, the number of attacks and deaths during that period being 33 and 18 respectively. Again, after a few months' respite, rat mortality commenced, and this was soon followed by plague attacks in April 1915. Out of three cases none recovered, the last plague death being on 18th June 1915. After that till the end of June 1915 there has been no further plague case here.

CHAPTER VII.

Education.

62. The number of schools during the year was 27 against 26 the previous year. Of these one is the Maharana Shri Mohandevji High School which teaches up to the Matriculation Standard and which is affiliated to the Bombay University, one is a Vernacular School, one is an Urdu School, two are girls' schools, and the rest are village schools.

Regarding the girls' schools it may be mentioned that there was already a girls' school here, but as Mahomedan parents wished very much to have a separate school opened in their own locality specially for their girls, with female teachers, as far as possible, and where the medium of instruction should be Arabic and Urdu, a new school has recently been opened for Mahomedan girls, the present attendance being about 40, but it is hoped that the attendance will soon improve.

From the State High School three boys passed the last Matriculation Examination, and one passed the U. S. F. Examination.

Appendix XXVI contains details regarding the number, attendance, etc., of pupils in the State schools.

The monthly average attendance for all the schools together was 627 against 795·5 the preceding year, the fall in attendance being very much due to the prevalence of plague for a long time in the town of Dharampur.

The results of the last Annual Examination are as follows :—

	Number examined.	Number passed.	Percentage.
Town schools	280	181	64
Village schools...	165	96	58

Drawing examination.—The results of the last examination in drawing are as follows :—

	Number sent.	Number passed.	Percentage.
1st Grade	5	5	100
2nd Grade	2	2	
3rd Grade	9	9	

Qualified and trained teachers are being employed in the State schools, and the village schools which are mostly attended by Kaliparaj pupils, are as a rule, provided with Kaliparaj teachers.

Education is imparted free in all the State schools, and, in order to help and encourage Kaliparaj and other poor but deserving students, books and other school requisites are supplied by the State, free of charges, and prizes are also awarded for attendance, diligence, and improvement in school work.

The Educational Department is in charge of the Superintendent of Education who is a qualified and experienced Graduate of the University of Bombay.

The total expenditure on education was Rs. 16,762 against Rs. 15,010 the preceding year.

63. **Physical Education.**—Proper arrangements are made for imparting physical education to the boys. A well-equipped gymnasium is attached to the High School and there is a qualified Drill Master for teaching drill. Cricket and football continue to be the favourite games of the boys.

CHAPTER **VIII.**

Miscellaneous.

64. **Printing Press.**—The State is provided with a Printing Press where Forms, Stamps (adhesive and impressed), Rules, Passes, &c., are printed. There is also a Lithographic Press here where maps, &c., prepared by the Survey Department, are printed.

65. **Library.**—The Maharana Shri Narandevji Library contains a large stock of useful and interesting books. It also subscribes for certain newspapers, magazines, &c. In addition to subscriptions from members the Durbar makes an annual grant of Rs. 200.

Including the last year's balance of Rs. 115-9-5, the receipts during the year amounted to Rs. 534-0-5, out of which Rs. 345-12-0 were spent on establishment charges, purchase of books, newspapers, &c., leaving a balance of Rs. 188-4-5 at the end of the year.

In addition to the regular members, the Library is also open to the senior students of the State High School, free of charges, and many students take advantage of this concession.

66. **Record-room.**—A special room is set apart for keeping State records after their being carefully indexed, labelled, &c.

67. **Wild Animals.**—In the State jungles there are many wild animals, such as tigers, panthers, leopards, &c. No European 'Shikaree' visited the State for 'Shikar' during the year under report.

68. **Fairs.**—The only Fair worth noticing in this State is the one held annually in April at Fatehpur (a State village) in honour of the Hindu deity 'Bhairavnath.' It is mostly attended by Kaliparaj people.

69. **Jurisdiction.**—The Jehagirdar of Behej continues holding the Magisterial powers conferred on him by the Durbar.

70. **Rumla Village.**—This village, the income of which is about Rs. 10,000 a year, was assigned to my younger Kumar Shri Narsinhdevji several years ago for his maintenance, but upto now, on account of the Kumar's minority, it was under State management, but during the year under report it was handed over to him for direct management on account of his attaining majority.

71. **The Opening of a new Centre in connection with the St. John Ambulance Association.**—Negotiations are going on with the Committee of this Association at Delhi for opening a centre in this State. The Centre, when opened, will serve a very useful purpose here in cases of accidents or similar other contingencies.

72. **Delhi Durbar Anniversary Day.**—This day was duly celebrated here, all schools and public offices being closed in honour of the occasion. Sweets were also distributed among the pupils of the schools. A Royal salute of 31 guns was fired on the occasion, and in the Durbar compound there was a parade of the Huzur Palace Guards and that of the regular Police.

73. **Intercession Day.**—On the 3rd of January 1915, at all public places of worship in the State, crowded congregations attended the services of intercession for the complete success and triumph of the British Arms and those of the Allied Powers in the present European war.

74. **Birthday of His Imperial Majesty The King-Emperor.**—In honour of the Birthday of His Most Gracious Majesty The King-Emperor the 3rd of June 1915 was observed as a public holiday, all schools and public offices being closed that day, but on account of the present war there were no other usual celebrations, both public and private, on that auspicious occasion.

75. **The Present European War.**—At the outset it may be mentioned that this State has all along been distinguished for its unswerving loyalty and unflinching allegiance to the British Throne, and in keeping with its traditions, on the outbreak of the present war, all the resources of the State were offered to be placed at the disposal of the British Government. In like manner, large money contributions from the Durbar and the people of this State were collected and sent to the War Relief Fund and one thousand maunds of rice and a million pounds of fodder, both the produce of Dharampur, were offered for the use of the Indian troops and their animals engaged in the war. These offers were kindly accepted by Government and for which His Excellency the Governor specially thanked me. In addition to this, on the outbreak of hostilities with the ill-fated and ill-advised Turkey, a meeting of the Mahomedan subjects of my State was called and the exact state of things was explained to them with a view to remove certain misapprehensions that prevailed at the time, and their duties and responsibilities to the British Government were fully explained to them, and as a result of this all my Mahomedan subjects showed their readiness to stand firm by the British flag, and prayers were also offered at the time for the full and complete success of the British Arms and those of the Allied Powers in this present war which has for its object the preservation of freedom, honour and justice.

76. **Concluding Remarks.**—In conclusion, I have to offer my cordial thanks to Government and the Political Agent, Surat, for the friendly advice and kind support I have received from them from time to time, and I have no doubt that the same kind of advice and support will be continued to me hereafter. I have also to commend the valuable services rendered to me by my Dewan, Mr. S. G. Jayakar, M.A., B.Sc., during the year under report. His sound judgment and discretion, his uniform zeal and energy, and his high sense of duty, have been of much use to me in carrying on the administration of my State smoothly, efficiently and satisfactorily.

I am,

Your sincere friend,

MAHARANA SHRI MOHANDEVJI RANA,

Raja Saheb of Dharampur State.

APPENDICES.

APPENDIX I.

List of High Officials in the Dharampur State, showing changes in the personnel during the year 1914-15.
